MUNICIPAL REGULATIONS
FOR PAYMENT OF BILLS AGAINST THE CITY

All persons furnishing materials or service for the city, or aid to the city poor, should be particular to take the name of the person ordering such service, material, or aid, and should *know* that the person is duly authorized to contract such liability.

The city will not be holden for merchandise sold or delivered on city poor account, except on the written order of the overseer of the poor, and for no longer time than until his successor shall have been appointed and qualified.

Duplicate copies will be required of all bills payable by the city, furnished on county poor account.

All bills against the city must be approved by the person authorizing the charge; and unless this is done, no action can be had upon the bill by the Committee on Accounts and Claims, and no order will be given for its payment.

Bills so certified should be left with the city clerk on or before the second day of the month.

If approved by the Committee on Accounts and Claims, they will be ready for payment on Thursday following the regular monthly meeting of the city government.

The regular monthly meetings of the city government occur on the second Monday of each month.

ARTHUR E. ROBY,
City Clerk.

INAUGURAL ADDRESS OF OLIN H. CHASE

MAYOR OF CONCORD, N. H., JANUARY 24, 1928

To the Board of Aldermen:

While an unhappy decree of fate has brought me to the executive chair of the city of Concord without running the gauntlet of a popular election, I am mindful of the fact that my obligation to the citizens of Concord is in no measure lessened by the sad circumstances which made the intervention of the charter necessary.

I am also cognizant of my obligation to the members of the Board of Aldermen, a majority of whom have been my associates in the city government for the past four years, for making it possible for me to fill the vacancy caused by the regretted death of my predecessor.

Had Mayor Fred N. Marden been spared to preside over the deliberations of this hour, he would undoubtedly have referred to the achievements of the past two years. Since he was not permitted to give an accounting of his own stewardship, I may be pardoned for briefly alluding to the subject.

The general affairs of the city were conducted in an orderly, dignified and capable manner under Mayor Marden's direction, and uniform courtesy and consideration characterized his dealings with the public.

The outstanding accomplishments of the Marden administration included the following:

The city government co-operated with the Chamber of Commerce and citizens in carrying out a fitting celebration of the two hundredth anniversary of the settlement of Concord.

The White property on Capitol Street was purchased to safeguard the opportunity for future expansion of the public library facilities.

A modern system of street lighting was installed on Main Street which adds much to the appearance of the city as well as to the safety of travelers both on foot and awheel.

The long agitation for a comfort station was brought to an end by installing such a utility in the police station, which, judging from the lack of adverse comment, is giving good satisfaction.

A code of traffic regulations was adopted. While these regulations do not perform the impossible feat of satisfying all the varying opinions on the subject, they appear to have, in a measure, clarified the hectic situation into which vehicle control had fallen.

Believing that the members of the Board of Aldermen and citizens of Concord have the right to know the mental attitude of the individual whom you have selected as your titular head, permit me to state frankly that I am not inherently a reformer.

I am a believer in conservative and healthy progress and welcome change when change promises improvement, but change merely for the purpose of upsetting the established order of things results in no betterment and generally leads to cost and confusion.

Economy, national, state and municipal, enjoys a high degree of popularity as a topic for discussion, but its application to departments of government finds but little favor with those whose pet projects are thereby effected. Abraham Lincoln is reputed to have said: "The place to have a boil is on the other fellow's nose." So it is with most of us in our views of public expenditures. It is those public enterprises to which other citizens are partial that the much advocated economies should apply.

The lessening of taxes is a simple matter of cause and effect. When the people are willing to deny themselves those things for which public money is expended, taxes will automatically reduce. Personally I do not expect to live to see that day. There is, however, on the part of every department the responsibility of making every dollar which taxpayers contribute to the city budget, in many cases at no small hardship, perform as much service as is possible in the conduct of public business.

The method of disposing of rubbish and garbage is one of the most annoying and expensive problems with which municipalities have to deal. Concord's city government has for some time been giving consideration to the question through a committee. I recommend that the present committee be continued with the mayor added to fill the vacancy caused by the death of Mayor Marden, and that the subject be further investigated with a view to purchasing and installing an incinerator as soon as may be consistent with good business policy. I am not under the delusion that this will end all the irritating situations that arise, either on the part of the householders or the Board of Public Works, but it will afford a more modern and sanitary disposal of refuse and will lead to the ultimate abolishment of the unsightly and malodorous dump, now maintained from necessity, on the east bank of the Merrimack River.

Hall Street and considerable area adjacent thereto, including Home Avenue and Rumford Avenue are without anything worthy the name of sewerage. The locality has been surveyed by City Engineer Fred W. Lang, who finds that the construction of a sewer, which would care for twenty-eight houses already built and make provision for the probable increase, is mechanically feasible. The cost of the same has been estimated by two competent persons, independent of each other, and in their judgment will not exceed \$20,000. I recommend that this sewer be built the

present year, and as it would be without question a permanent improvement, that the payment therefor be spread over a reasonable term of years.

The Plains district is also in urgent need of sewers, but it would be like placing the cart before the horse to install sewers before the section is adequately supplied with water. The latter project is under the jurisdiction of the Board of Water Commissioners, who are giving much study to the subject in the hope that a definite plan for a water supply on the Plains may be solved in the near future. Therefore, I recommend that the petitions for sewers on the Plains, now on the table in the Board of Public Works, be allowed to remain there until the water problem is worked out.

It is my earnest desire that this board shall continue to be in the future, as it has been in the past, a clearing house for the ideas of its members; that all matters claiming the board's attention may have fair and full discussion and that the conclusions thus arrived at may be attended by concord and harmony.

ORDINANCES AND RESOLUTIONS

PASSED DURING THE YEAR ENDING JANUARY 14, 1929.

—o—

AN ORDINANCE: IN AMENDMENT OF SECTION 10, CHAPTER 5, OF THE REVISED ORDINANCES, RELATIVE TO TIME OFF FOR THE MEMBERS OF THE POLICE DEPARTMENT.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

Amend Section 10, Chapter 5, of the Revised Ordinances by striking out the word "fifteen" wherever it appears and substituting the word "seven."

Passed March 12, 1928.

—o—

AN ORDINANCE: IN AMENDMENT OF SECTION 2, OF CHAPTER XLIII OF THE REVISED ORDINANCES.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Section 2 of Chapter XLIII of the Revised Ordinances is hereby amended by inserting therein after the first word the following: maximum; so that the first clause of said section as amended shall read as follows: Section 2. The maximum salaries of clerks in the employ of the city shall be as follows, in each case to be in full for services rendered for the period stated.

SECT. 2. All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed, and this ordinance shall take effect upon its passage.

Passed April 9, 1928.

—o—

AN ORDINANCE: PROVIDING FOR A TREE WARDEN.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Subject to the confirmation of the Board of Aldermen the Mayor shall annually appoint a tree warden.

SECT. 2. The tree warden shall have the care and control of all trees on city property except parks and water works property. He shall also have and exercise all such powers as town tree wardens may have and exercise under the Public Laws and amendments thereto made or to be made in the future.

SECT. 3. All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed, and this ordinance shall take effect upon its passage.

Passed April 9, 1928.

—o—

AN ORDINANCE: IN AMENDMENT OF SECTION 17 OF CHAPTER 13 OF THE REVISED ORDINANCES RELATING TO THE GATHERING OF SWILL.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Section 17 of Chapter 13 of the Revised Ordinances is hereby amended by adding at the end thereof the following: Applications for such licenses shall have the written approval of the Superintendent of Streets before they shall be issued by the Board of Health. Licenses shall be conditioned upon the observance of such reasonable rules and regulations by the licensee as may, from time to time, be prescribed by the Board of Health after consultation with the Superintendent of Streets. Such rules and regulations as may be in existence at the time of the issuance of each license, shall be endorsed on the back of the license or attached thereto. Every license shall always be conditioned upon the observance of any new rules and regulations which may be prescribed by the authority above mentioned during the period while said license is in force, provided that the licensee is given ten days written notice of such additional regulations. For breach of any rule or regulation prescribed as above mentioned, the Board of Health may, after a hearing, of which the licensee shall have seven days notice, revoke the license; so that said section as amended shall read as follows: Sect. 17. No person shall remove, or carry in, or through, any of the streets, squares, courts, lanes, avenues or alleys within the city of Concord any swill or house offal, animal or vegetable, grease or bones, or any refuse substance from any dwelling houses, or other places in the city, unless such person so removing, or carrying the same, shall have been expressly licensed by the Board of Health, annually. Applications for such licenses shall have the written

approval of the Superintendent of Streets before they shall be issued by the Board of Health. Licenses shall be conditioned upon the observance of such reasonable rules and regulations by the licensee as may, from time to time, be prescribed by the Board of Health after consultation with the Superintendent of Streets. Such rules and regulations as may be in existence at the time of the issuance of each license, shall be endorsed on the back of the license or attached thereto. Every license shall always be conditioned upon the observance of any new rules and regulations which may be prescribed by the authority above mentioned during the period while said license is in force, provided that the licensee is given ten days written notice of such additional regulations. For breach of any rules or regulations prescribed as above mentioned, the Board of Health may, after a hearing, of which the licensee shall have seven days notice, revoke the license.

SECT. 2. All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed, and this ordinance shall take effect upon its passage.

Passed April 9, 1928.

—————0—————

AN ORDINANCE: IN AMENDMENT OF CHAPTER XLIII OF THE REVISED ORDINANCES RELATIVE TO SALARIES.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Amend Section 1, clause f, Chapter XLIII of the Revised Ordinances by striking out the words "twenty-two" and substituting the words "twenty-four" so said clause as amended shall read as follows: (f) Deputy chief of police, twenty-four hundred dollars per annum.

SECT. 2. Further amend said Section 1, clause w, by striking out the word "fifteen" and substitute the word "eighteen" so said clause as amended shall read as follows: (w) Superintendent of parks, eighteen hundred dollars per annum.

SECT. 3. This ordinance shall take effect as of January 1, 1928.

Passed April 27, 1928.

AN ORDINANCE: IN AMENDMENT OF SECTION 25 OF CHAPTER XL OF
THE REVISED ORDINANCES RELATING TO ASH DOORS IN CHIMNEYS.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Section 25 of Chapter XL of the Revised Ordinances is hereby amended by adding at the end of the second paragraph thereof the following: Any existing or hereafter erected chimney or flue shall be deemed to be dangerous or unsafe if not furnished with an iron clean-out door at or near the base of the chimney, or some opening sufficient to enable them to be readily cleaned; so that said second paragraph of said Section shall read as follows: All funnel receivers shall be built into the chimneys at the time of their construction. All chimneys shall have at their base an ash door, or some opening sufficient to enable them to be readily cleaned. If any existing or hereafter erected chimney, flue, or other heating apparatus shall be dangerous or unsafe, the Inspector shall at once notify, in writing, the owner, agent, or other party having an interest in said premises, and shall require him to make the same safe immediately. All woodwork shall be kept away at least two inches from any chimney. Any existing or hereafter erected chimney or flue shall be deemed to be dangerous or unsafe if not furnished with an iron clean-out door at or near the base of the chimney, or some opening sufficient to enable them to be readily cleaned.

SECT. 2. All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed and this ordinance shall take effect three months after its passage.

Passed July 9, 1928.

AN ORDINANCE: RELATING TO THE PLACING OF GASOLINE PUMPS IN
HIGHWAYS.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Amend Section 12 of Chapter VI of the Revised Ordinances by striking out the words "The foregoing provisions shall not apply to gasoline pumps erected under a permit from the Board of Public Works, but no permit shall be allowed for a gasoline pump upon that portion of Main Street between Freight Street and

Center Street," and substituting therefor the following: No gasoline pump shall be installed in any part of any highway, street, sidewalk or other public way within the corporate limits of the city.

SECT. 2. All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed and this ordinance shall take effect upon its passage.

Passed August 13, 1928.

AN ORDINANCE: IN AMENDMENT OF CHAPTER XLI OF THE REVISED ORDINANCES RELATIVE TO STREET TRAFFIC RULES.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Chapter XLI of the Revised Ordinances is hereby amended by striking out the whole thereof and substituting therefor the following:

ARTICLE I.

Definitions.

SECTION 1. The word "vehicle" herein shall include horses hitched to vehicles, horses ridden or led, motor vehicles of all kinds, bicycles, everything on wheels or runners, excepting light carriages for the conveyance of children.

SECT. 2. The word "horse" herein shall include all domestic animals.

SECT. 3. The word "driver" herein shall include the rider, driver or leader of a horse, the rider of wheels and the operator of a motor vehicle.

SECT. 4. The word "curb" herein shall mean the lateral boundaries of that portion of a street designated for use of vehicles whether marked by curbstone or not so marked.

SECT. 5. The words "intersecting way" herein shall mean any way which joins another at an angle whether or not it crosses the other.

SECT. 6. The word "crossing" herein shall mean a way for pedestrians to go from one side of a street to the other which is marked by a pavement or otherwise; also points bordering the

intersection of streets not marked but which are commonly used to go from one side of a street to the other.

SECT. 7. The words "Safety Zone" herein shall include any part of the highway established and marked by the police department as such, from travel of which vehicles may be restricted or excluded.

ARTICLE II.

Vehicles in Motion.

SECTION 1. A vehicle, except when passing a vehicle ahead, shall keep to the right and as near the right curb as possible.

SECT. 2. Vehicles meeting shall pass each other to the right.

SECT. 3. A vehicle overtaking another vehicle shall, in passing, keep to the left, but it shall not leave the line on the right unless there is a clear way to advance on the left.

SECT. 4. A vehicle turning to the right into another street shall turn the corner as near the curb as possible.

SECT. 5. A vehicle turning to the left into another street shall pass to the right of and beyond the center of the intersection of the street before turning.

SECT. 6. A vehicle crossing from one side of the street to the other shall do so by turning to the left so as to head in the same direction as the traffic on that side of the street.

SECT. 7. Slow moving vehicles shall keep as close as possible to the curb on the right so as to allow faster moving vehicles free passage on the left.

SECT. 8. No driver of a vehicle shall allow the same to come within ten feet of any vehicle in front of him when approaching and passing over a crossing.

SECT. 9. The driver of any vehicle, before turning the corner of any street or turning out or starting from or stopping at the curb line of any street, shall first see that there is sufficient space free from other vehicles so that such turn, stop or start may be made safely, and shall then give a plainly visible or audible signal.

SECT. 10. (Extract from Motor Vehicle Law, sections 17 and 18, chapter 103, Public Laws):

“No person shall operate a motor vehicle on any way at a rate of speed greater than is reasonable and proper, having regard to traffic.”

“In prosecutions for the violation of the provisions of the foregoing section, it shall be conclusive evidence of a rate of speed greater than is reasonable and proper as aforesaid if a motor vehicle is operated . . . on any way inside (the thickly settled or business part of a city or town) at a rate of speed exceeding fifteen miles per hour for a distance of one-eighth of a mile, or on any way upon approaching an intersecting way, or in traversing a crossing or intersection of ways, or in going round a corner or curve in a street or way where the operator's view of the road traffic is obstructed at a rate exceeding ten miles per hour. . . . The provisions of this section shall not apply to motor vehicles of a fire department, motor police patrols, or motor ambulances, when in the emergency service of their respective departments.”

SECT. 11. Every bicycle operated during the period from one-half hour after sunset to one-half hour before sunrise shall display one lighted lamp on the front.

ARTICLE III.

Signals, Noises, Smoke and Traffic Signs.

SECTION 1. Every driver of a vehicle shall, in slowing up, stopping, or backing, give a plainly visible or audible signal to show his intention.

SECT. 2. In turning while in motion or in starting to turn from a standstill, a signal shall be given by the driver of the vehicle about to be turned by raising a whip or hand indicating the direction in which the turn is to be made.

SECT. 3. (Extract from Motor Vehicle Law, sections 10 and 14, chapter 103, Public Laws):

“Upon approaching any intersecting way or a curve or corner in a way, every person operating a motor vehicle shall slow down and give timely signals with his bell, horn or other device for signalling; provided, that in the thickly settled parts of a city or town no signal shall be sounded so as to make an unreasonable noise.

“No operator of any motor vehicle shall, or any way permit any unreasonable amount of smoke to escape from said vehicle, nor permit said vehicle to make any unnecessary noise, by cutting out the muffler or otherwise.”

SECT. 4. The police department shall control all traffic in the streets or highways. Police officers may divert vehicular or pedestrian traffic when necessary to avoid congestion or to promote safety and convenience; and no person having charge of a vehicle shall refuse or neglect to stop or start or place the same as directed by a police officer.

SECT. 5. No person shall break, deface or move any official sign, post or signalling device placed in a highway for direction of traffic.

ARTICLE IV.

Stopping, Standing and Turning.

SECTION 1. No vehicle shall stop so as to interfere with or prevent the passage of pedestrians at crossings.

SECT. 2. The drivers of cars parting on Main Street, between Center and Freight Streets, and on the west side of Main Street between Perley and Freight Streets and between Center and Pitman Streets, shall drive such vehicle until it shall stand with its right front wheel as nearly as possible to the curb and shall stand at an angle of forty-five degrees (45) to the curb.

In Ward One (Penacook) on the west side of Main Street from the north side of Washington Street to the south end of the bridge, he shall back such vehicle until it shall stand with the right rear wheel as nearly as possible to the curb and shall stand at an angle of forty-five degrees (45) to the curb. On the east side of Main Street from the north side of Merrimack Street to the south side of Electric Court, he shall head such vehicle to the curb until it shall stand with the right forward wheel as nearly as possible to the curb and shall stand at an angle of forty-five degrees (45) to the curb.

No vehicle shall be brought to a stop within any street except in the parking position prescribed for that place, except (1) at street intersections where stopping is required, and then only for such time as traffic conditions necessitate, (2) as traffic stoppage may necessitate, (3) commercial vehicles may stop for a reasonable time while actually taking on or delivering merchandise when such vehicles

can find no nearby parking position, and (4) any vehicle, while actually taking on or leaving passengers, when such vehicle can find no nearby parking position. Except as otherwise specially provided, "parking positions" shall be deemed to be that space at the side of the street within which a vehicle can stand parallel to and as near as may be to the margin of the street.

SECT. 3. (a) Parking on Main Street from Fiske Street to Freight Street shall be restricted to two hours except between six-thirty (6.30) p.m. and midnight; but in front of the Main Street entrance to the Endicott Hotel it shall be restricted to fifteen minutes at all times, and parking in front of the entrance to the Eagle Hotel is prohibited.

(b) Parking on the south side of Capitol Street between Main and State Streets shall be heading in to the right at an angle of forty-five degrees.

(c) Parking on the north side of Park Street between Main and State Streets is prohibited.

(d) Parking on the north side of Freight Street shall be heading in to the left at an angle of forty-five degrees and parking on the south side of Freight Street is prohibited.

(e) Parking on the north side of Depot Street is prohibited.

(f) Parking on the south side of Prince Street is prohibited.

(g) Parking on Kennedy Lane and Durgin Street, or either of them, is prohibited.

(h) Parking on the south side of Fayette, Thompson, Concord and Thorndike Streets, or any of them, is prohibited between the hours of 12 o'clock noon and 12 o'clock midnight.

(i) Parking on Odd Fellows' Avenue is prohibited except on the west side, and then only from Warren Street to a point distant one hundred and sixty-five feet southerly therefrom.

(k) Parking on the south side of School Street between Main and State Streets is prohibited.

SECT. 4. No vehicle shall stand on the south side of Warren Street between Green and Main Streets, except for the purpose of taking on or setting down passengers. No vehicle shall stand on the north side of Warren Street between Green and Main Streets for more than fifteen minutes and in no case shall a horse be hitched or tied or a horse or vehicle backed up to the curb to load or unload merchandise.

SECT. 5. No vehicle shall stand within the intersection of any street, nor within five feet of a fire hydrant, nor within ten feet of a curb street or alley corner, nor within twelve feet of a city stand-pipe.

SECT. 6. No vehicle shall stop or stand within fifty feet either side of the center point of the front wall of a fire station, theater or moving picture house, except to let off or take on passengers or to receive or deliver goods or merchandise.

SECT. 7. Except as provided in Section 9, unless in an emergency, or to allow another vehicle to cross its path, no vehicle shall stop in any public street except close to the curb line.

SECT. 8. When a horsedrawn vehicle is backed up to the curb, the horse or horses shall be turned so as to stand as near parallel with the sidewalk as possible and headed in the general direction of traffic for the side of the street on which the vehicle is standing.

SECT. 9. In approaching or passing a street railway car which has been stopped to take on or let off passengers the driver of every vehicle shall bring said vehicle to a full stop.

SECT. 10. No vehicle incapable of being turned without backing shall be turned about in any of the following streets: Pleasant, Warren, School, Capitol, Park, between Main and State Streets, nor on Depot Street.

SECT. 11. No horse or vehicle shall be driven backward, or allowed to stand on any sidewalk.

SECT. 12. No vehicle licensed to carry passengers under Chapter XXXIV, of the Revised Ordinances shall park on Main Street, or Pleasant, Warren, School, and Capitol Streets from Main to State Streets, between the hours of 7 a.m. and 11 p.m., longer than to discharge or take on passengers unless in actual service, provided, however, that the Chief of Police may, upon notice to him by one or more owners or operators of said vehicles, that the designated parking space on Pleasant Street Extension is unsafe, by reason of ice, snow, or other conditions, permit said vehicle to park on Main Street until in his judgment such unsafe condition is terminated.

Pleasant Street, beginning 10 feet east from the east line of Main Street is hereby designated as a parking place for said vehicles, and reserved for such purpose.

SECT. 13. In approaching the intersection of streets where stop signs are established, the driver of every vehicle shall bring his vehicle to a full stop immediately before entering such intersection.

Stop signs installed in the future shall bring the intersections where they shall be installed under the provisions of this section upon publication and posting of this section as to the said intersections.

SECT. 14. No vehicle shall stop in such a way as to obstruct any street for the purpose of loading or unloading merchandise, except in accordance with a permit from the Chief of Police.

SECT. 15. No person, firm or corporation owning, possessing or having the care of any street car, vehicle or vehicles of any description shall store or permit the same to remain unemployed and out of use in any public street or part of a highway, except temporarily in case of emergency.

SECT. 16. Parking of vehicles throughout the night in any street or highway is prohibited.

SECT. 17. Parking of vehicles in front of any public or private driveway is prohibited.

ARTICLE V.

Right of Way.

SECTION 1. Police, fire department, United States mail vehicles, ambulances, funeral processions and emergency repair vehicles of public service corporations shall have the right of way in any street and through any procession.

SECT. 2. A person driving or controlling a vehicle waiting at the curb shall promptly give place to a vehicle about to take on or let off passengers.

SECT. 3. Subject to Section 1 of this article, street cars shall have the right of way between cross streets over all other vehicles; and the driver of any vehicle proceeding on the track in front of a street car shall immediately turn out on a signal by the motorman or conductor of the car.

SECT. 4. The driver of a vehicle, on approach of fire apparatus shall immediately draw up said vehicle as near as practicable to the right hand curb and parallel thereto, and bring it to a standstill.

SECT. 5. The driver of a street car shall stop between intersecting streets and keep it stationary upon the approach of fire apparatus.

ARTICLE VI.

Care in Driving; Condition and Treatment of Horses

SECTION 1. No person shall drive or conduct any vehicle in such condition or so loaded as to be likely to cause delay in traffic, or accident or injury to man, beast or property.

SECT. 2. No person shall carry or cause to be carried a load in any public street the weight of which exceeds six tons, unless such load consist of an article which cannot be divided, and then only in accordance with a permit from the police department.

SECT. 3. No person shall drive a horse not in every respect fit for use and capable for the work on which it is employed and free from lameness and sores and vices or disease likely to cause delay in traffic or accident or injury to persons or property.

SECT. 4. No person shall illtreat, overload, overdrive or cruelly or unnecessarily beat any horse.

SECT. 5. Any police officer, in his discretion, may remove or cause to be removed any horse or vehicle left upon any street not in apparent charge of a driver or other person, or which is in violation of any of these regulations, to another place on said street, or from said street to another street, or to the city yard, or to a garage or stable, and there leave the same. Such removal shall be at the cost of the person leaving the same.

ARTICLE VII.

Street Cars.

SECTION 1. No street car shall stand in the intersection of streets.

SECT. 2. Drivers of street cars shall not pass the intersection of State and Pleasant, Warren and Liberty, Warren and Merrimack, School and Merrimack, State and Center, and State and Franklin Streets without audible warning, nor at a speed which would prevent such driver from bringing his car to a full stop in emergency, before reaching the center line of intersection of said street.

ARTICLE VIII.

Stealing Rides.

SECTION 1. No person shall steal a ride upon any vehicle or street car, and no person shall ride upon the rear of any vehicle without the consent of the person in charge thereof.

ARTICLE IX.

Restricted Zones.

SECTION 1. Subject to the approval of the Board of Mayor and Aldermen, the police department may establish "Restricted Zones,"

"Safety Zones," "zones for the exclusive use of horse-drawn vehicles," or other purposes and all vehicles shall be restricted or excluded from any part of a street established and marked by the Police Department as such.

ARTICLE X.

SECTION 1. Drivers of vehicles must exercise all due care and use every means to eliminate injury to persons crossing streets or walking upon the streets and highways. Likewise it is the duty of pedestrians in stepping from sidewalks to the roadbed to look up and down the highway or street to see if vehicles are approaching; further, they shall cross the street only at designated cross walks unless other locations are designated or marked.

SECT. 2. Drivers should use extraordinary care in approaching and passing school buildings and should also use every reasonable precaution to prevent the frightening of horses when approaching or passing vehicles drawn by same.

ARTICLE XI.

One Way Street

Blake Street, from State Street to Green Street.

ARTICLE XII.

Penalties for Violation.

SECTION 1. Except as otherwise provided in the motor vehicle law of the state, any person violating any of the provisions herein contained shall be liable to penalty not to exceed five dollars for the first offence, or not to exceed twenty dollars for any subsequent offence.

SECT. 2. Complaints against any person violating any of the provisions herein contained may be made at police headquarters or to any police officer.

SECT. 3. All ordinances and parts of ordinances inconsistent herewith are hereby repealed, and this ordinance shall take effect February 1, 1929.

Passed December 31, 1928.

AN ORDINANCE: PROVIDING FOR AN ENGINE COMPANY IN WARD 8.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Amend Section 1 of Chapter XVIII of the Revised Ordinances by inserting at the end of the first sentence thereof the following: engine company No. 5, not less than twenty nor more than thirty men, so that said section as amended shall read as follows:

SECTION 1. The fire department shall consist of a chief engineer, two assistants within the precinct, one engineer each from Ward 1, Ward 2 and Ward 3; two steamer and hose companies, one company to consist of thirteen men, including driver, and one company to consist of fourteen men, including driver; one relief steamer (company) to consist of two men; two hose companies to consist of eleven men, including driver; a combination engine company to consist of four men; a hook and ladder company to consist of twenty-one men, including driver; a house man, two spare men, a general utility man, and a fire inspector at Central Fire Station; steamer Pioneer, not less than twenty nor more than forty men, including driver; hand engine company No. 2, not less than twenty nor more than thirty men; engine company No. 5, not less than twenty nor more than thirty men. Each company shall be allowed three substitutes, except Hook and Ladder company No. 1, which shall have five, to be approved by the chief engineer. The engineers shall exercise the powers of fire wards, and those within the precinct shall constitute the board of engineers.

SECT. 2. Amend Section 17 of said chapter by substituting for "and 3" the following: 3 and 8; so that said section as amended shall read as follows:

SECT. 17. The department shall appear for public parade, drill and inspection at such times as the chief engineer and committee on fire department shall order, for which purpose three hundred dollars may be expended annually. The companies in Wards 1, 2, 3 and 8 will attend by invitation and voluntarily. Each company in the department under the direction of the chief engineer or assistants shall take out their respective engines and apparatus for exercise and drill as often as he shall direct, such exercise and drill to take place in public, not oftener than once a month, and at least once in two months, between the first of April and November.

SECT. 3. Amend Section 28 of said chapter by inserting after the words "Old Fort Company" the following: and engine company No. 5, each; and further amend said section by striking out the word "each" in line 22 and inserting after the word "annum" in said line the following: engine company No. 5, five hundred and ten dollars per annum; so that said section as amended shall read as follows:

SECT. 28. The annual pay of the members of the fire department shall be as follows, and in full for services in said department:

Chief, twenty-six hundred dollars per annum, which shall include compensation for services rendered as assistant building inspector; permanent force at Central fire station, at Good Will and Alert hose houses, Pioneer fire station and Cataract engine house, eighteen hundred dollars each; and captain and lieutenant of Combination No. 1, eighteen hundred and fifty dollars each per annum, payable semi-monthly; chauffeur and caretaker, Old Fort company and engine company No. 5, each three hundred dollars per annum; assistant engineers within the precinct, one hundred and forty-five dollars each; engineers of steamers within the precinct, one hundred and thirty-five dollars each; captains of companies within the precinct, each one hundred and ten dollars per annum; lieutenants of companies within the precinct, one hundred and five dollars per annum; members of steamer and hook and ladder companies within the precinct and house man at Central fire station, one hundred dollars per annum; outside the precinct, Engine companies Nos. 2 and 3, five hundred and ten dollars each, and Pioneer steamer company No. 3, sixteen hundred and fifty dollars per annum, engine company No. 5, five hundred and ten dollars per annum, said sum to be divided among the members as each company shall direct; engineer of steamer at Penacook, one hundred dollars per annum; assistant engineer at Penacook, twenty-five dollars; assistant engineer at East Concord, twenty dollars; and assistant engineer at West Concord, twenty dollars.

SECT. 4. Amend Section 30 of said chapter by inserting after the first line the following: and a member of engine company No. 5; and further amend by substituting for the word "said" in line 4 of said section the following: his; so that said section as amended shall read as follows:

SECT. 30. A member of the Old Fort engine company No. 2 and a member of engine company No. 5 shall annually be

designated by the chief engineer, subject to confirmation by the Board of Aldermen, to act as chauffeur and caretaker of the property in the service of his company, a single salary to cover all services he may perform except such as he may perform as janitor, if elected such. A permanent man shall be stationed at the Pioneer engine house in Ward 1 and another at the Cataract engine house in Ward 3, each of whom shall perform such fire duties as shall be assigned by the fire engineer and shall also, without extra compensation therefor, care for the property in the service of his company and for the engine house building.

SECT. 5. All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed, and this ordinance shall take effect upon its passage.

Passed January 14, 1929.

—o—

AN ORDINANCE: IN AMENDMENT OF CHAPTER XLIII OF THE REVISED ORDINANCES RELATIVE TO SALARIES.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

That Chapter XLIII, Section 1, clause (1), of the Revised Ordinances be amended by striking out the word "thirteen" and substituting the word "fifteen," so said clause as amended shall read as follows:

(1) City Messenger, fifteen hundred dollars per annum.

Passed January 14, 1929.

—o—

RESOLUTIONS

RESOLUTION: IN RELATION TO PAYING SALARIES, PAY-ROLLS AND RENTS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Mayor be, and hereby is, authorized to draw his warrant on the city treasurer for the payment of all salaries, pay-rolls and rents as the same shall become due during the present municipal term, and all bills so paid shall be laid before the Committee on Accounts and Claims at the next meeting.

Passed January 24, 1928.

RESOLUTION: PROVIDING FOR PRINTING OF THE ROSTER OF THE CITY GOVERNMENT.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the city clerk be instructed to prepare a roster of the present city government and cause copies to be printed, and that the expense of printing the same shall be charged to the account of printing and stationery.

Passed January 24, 1928.

—————o—————

RESOLUTION: ASKING FOR SEALED PROPOSALS FOR PRINTING AND BINDING THE ANNUAL CITY REPORTS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the city clerk be, and hereby is, instructed to ask for sealed proposals for printing and binding the city reports for the year 1927 and submit the same to the Finance Committee who shall have full power to act in the matter.

Passed January 24, 1928.

—————o—————

RESOLUTION: IN RELATION TO A TEMPORARY LOAN NOT EXCEEDING SIX HUNDRED THOUSAND DOLLARS (\$600,000).

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Committee on Finance is hereby authorized to borrow on the credit of the city the sum not to exceed six hundred thousand dollars (\$600,000) for expenses in anticipation of taxes for the municipal year 1928 and to issue notes of the city therefor upon such terms and for such amounts as the committee shall determine. The said loan is to be payable from the taxes for the said municipal year, and the said Committee on Finance is hereby authorized to refund all or any of the said notes at their maturity; provided, however, that the refunding notes shall be payable within one year after the date of the incurrence of the debt represented by the note or notes refunded.

Passed January 24, 1928.

RESOLUTION: APPROPRIATING THE SUM OF \$11.84 FOR THE TAX COLLECTOR.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of eleven dollars and eighty-four cents (\$11.84) be and the same is hereby appropriated for the purpose of reimbursing the Tax Collector for money paid into the treasury by him erroneously as taxes assessed against R. R. Mosher, and that the Tax Collector be authorized to treat the said taxes as never having been received from the said Mosher and to collect the same from him.

Passed February 13, 1928.

—o—

RESOLUTION: DELEGATING CERTAIN POWERS TO THE FINANCE COMMITTEE RELATIVE TO PURCHASING SUPPLIES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Committee on Finance be given power to arrange with the heads of all city departments to have them report to the City Clerk from time to time the requirements of their several departments for supplies, fuel and other purchases which in the judgment of the Finance Committee may be purchased at better advantage collectively rather than separately, and that the Finance Committee have power to devise such collective methods of purchase as may in their judgment tend to economy in buying, having in mind the provisions of state and municipal law applicable to buying.

Passed March 12, 1928.

—o—

RESOLUTION: AUTHORIZING THE TRUSTEES OF TRUST FUNDS TO SELL AND TRANSFER CERTAIN RIGHTS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That Harry H. Dudley, Carl H. Foster, and Burns P. Hodgman, Trustees of the Trust Funds of the city of Concord be and they hereby are authorized and directed to sell, transfer, and assign fractional Warrant No. F4881 for two twenty-fifths (2/25) of one share in Atchison, Topeka & Santa Fe Railway Company, dated February 15th, 1928.

Passed March 12, 1928.

RESOLUTION: AUTHORIZING THE MAYOR TO EXECUTE A QUITCLAIM DEED TO PROPERTY FORMERLY OWNED BY ROBERT H. JESSEMAN.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Mayor is hereby authorized to execute a quitclaim deed of property formerly owned by Robert H. Jesseman, Ward 8, being two Lots No. 4470, Map D, sold to the city for taxes, at a price to include all taxes and costs assessed against said property which amounts to seventeen and 55/100 dollars (\$17.55).

The deed to this property to be made out in the name of Harry A. Ford.

Passed March 12, 1928.

RESOLUTION: AUTHORIZING THE ISSUE OF \$130,000 OF PUBLIC IMPROVEMENT AND REFUNDING BONDS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That pursuant to the Municipal Bonds Statute, Chapter 59, Public Laws, the city treasurer is hereby authorized and directed to issue one hundred and thirty thousand dollars (\$130,000) of serial bonds of the city of Concord for the purpose of making public improvements of a permanent nature, consisting of the construction of new and permanently improved highways, the construction of highway bridges, the construction of sewers, and the construction of a plant for the disposal of waste and garbage, and for the refunding of certain sewer bonds of the city of Concord maturing in 1928 to the amount the sinking funds provided therefor shall be inadequate to pay the said bonds at maturity. The bonds hereby authorized shall be coupon bonds and shall be paid in ten equal annual payments, the first payment to be due one year from the date of the bonds. The city treasurer with the approval of the finance committee is authorized to sell the bonds and to fix the rate of interest and the place of payment of the bonds.

Passed April 9, 1928.

RESOLUTION: REGARDING THE DISPOSITION OF THE PROCEEDS OF THE PUBLIC IMPROVEMENT AND REFUNDING BONDS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the proceeds of the public improvement and refunding bonds authorized by resolution passed April 9, 1928, be appropriated and used for the following purposes:

(1) For the payment of \$25,000 of sewer bonds maturing in 1928.

(2) The balance of the proceeds for the following purposes and in proportion to the amounts stated: \$35,000 for the construction of a reinforced concrete highway on the Hopkinton Road, provided that the city shall not become obligated to pay more than one-third of the cost of said construction; \$20,000 for the construction of new bridges; \$30,000 for the construction of new sewers; \$20,000 for the construction of a plant for the disposal of waste and garbage.

That the city treasurer be directed to set aside the proceeds of the sale of said bonds in separate funds for each of the aforesaid purposes in the amounts above provided, and that the mayor and city clerk be directed to draw against the same only upon satisfactory proof that the drafts made are for the purposes provided herein and for no other purpose, and that except for the payment of \$25,000 of sewer bonds maturing in 1928 all payments are for public improvements of a permanent nature.

That in case bonds for any of the above purposes shall not be issued and sold, the proportion above provided shall be altered in accordance with the item or items that may be eliminated.

Passed April 9, 1928.

—o—

RESOLUTION: FIXING AND DETERMINING THE AMOUNT OF MONEY TO BE RAISED FOR THE ENSUING FINANCIAL YEAR FOR THE USE OF THE CITY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECT. 2. There shall be raised, and there is hereby ordered to be raised, a tax of three and 50/100 dollars (\$3.50) on each thousand dollars of the value of the ratable estates taxable within said city for the support of the public schools, which, together with the income of the Abial Walker fund shall be appropriated and divided among the school districts according to the valuation thereof.

There shall also be raised a sum equal to two dollars (\$2.00) for each child residing in the city who was enrolled in the public schools in the last preceding school year.

SECT. 3. In addition to the foregoing there is appropriated for the cemeteries of the city one-third of the income from the sale of lots and the income derived for the care of lots and grading, which sum shall be deposited by the superintendent, or others receiving them, in the city treasury. The care of lots for which the city holds trust funds shall be paid from the money appropriated for the care of cemeteries, and so much of the income of these trust funds as may be thus expended shall be deposited in the city treasury at the close of the year, and the remainder in each instance credited to the individual fund.

SECT. 4. In addition to the foregoing there is appropriated for the use of the Public Library the income derived from the Public Library Trust Funds.

SECT. 5. This resolution shall take effect upon its passage.

Passed April 27, 1928.

RESOLUTION: FIXING AND DETERMINING THE AMOUNT OF MONEY TO BE RAISED ON THE TAXABLE PROPERTY AND INHABITANTS WITHIN THE LIMITS OF THE SEWERAGE PRECINCT FOR THE ENSUING FINANCIAL YEAR.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. There shall be raised, and there is hereby ordered to be raised on the polls and ratable estates within the sewerage precinct of said city, the sum of twenty-five hundred thirty-seven and 50/100 dollars (\$2,537.50), to defray the necessary expenses and charges of said precinct for the ensuing financial year, which shall be appropriated as follows:

For the payment of interest that may become due on precinct bonds, \$2,537.50.

SECT. 2. This resolution shall take effect upon its passage.

Passed April 27, 1928.

—o—

RESOLUTION: PROVIDING FOR THE REFUNDING OF CERTAIN NOTES DUE JULY 29, 1928.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That for the purpose of refunding the notes amounting to thirty-seven thousand three hundred and seventy-six dollars and thirty cents (\$37,376.30) maturing July 29, 1928, the city treasurer be and he hereby is authorized and directed to issue under such date as he may determine to be most convenient the following promissory notes of the city of Concord: one note for seven thousand three hundred and seventy-six dollars and thirty cents (\$7,376.30) payable December 31, 1928, and four notes for seven thousand five hundred dollars (\$7,500) each, payable respectively December 31, 1929, December 31, 1930, December 31, 1931, and December 31, 1932, said notes to bear such rate of interest as the city treasurer may fix with the approval of the finance committee and the library trustees and to be payable at such place and to be sold as the city treasurer determines best for the purpose.

Passed May 14, 1928.

—o—

RESOLUTION: SETTING ASIDE LAND IN WARD EIGHT FOR USE OF CONCORD AIRPORT.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That all land now belonging, or which hereafter may be owned by this city, as shown on Map C, City Engineer's Plan within the boundaries as follows: Beginning at a point on the Canterbury Road at the intersection with the Branch Turnpike, thence southerly to the land of Ellen H. Locke, thence easterly by said Ellen H. Locke's land and the Soucook River to land of James M. Sawyer, thence northerly by lands now or formerly of James M. Sawyer,

Stephen Brown, Caleb Little, Leon B. Simpson, Fred Cherette, Charles H. Wheeler, Mary A. Morton, and John H. Clarke to North Pembroke Road, thence westerly by North Pembroke Road and Branch Turnpike to point begun at, and including whatever rights the city has in and to the streets shown on said plan within the above described area, which includes the tract referred to above, be and hereby is set aside for use in connection with the Concord Airport. The Concord Airport Corporation is hereby authorized to take the custody of said land and to improve it for said use without expense to the city, under the following conditions; that if this land and the present airport is abandoned as an active airport this land shall revert to the city for such use as it cares to make of it.

(Supplementing Resolution No. 748 passed by this Board September 12, 1927).

Passed June 11, 1928.

RESOLUTION: RELATING TO THE PUBLIC LIBRARY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the proposed form of agreement relative to the interpretation of the deed of gift from William P. Fowler and Clara M. Fowler, dated October 18, 1888, be and the same is hereby approved, and Olin H. Chase, Mayor of the city of Concord, is hereby authorized to execute, seal and deliver the same in behalf of the city of Concord.

Passed June 11, 1928.

RESOLUTION: RELATING TO UNCOLLECTED TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the recommendation of the Finance Committee regarding the abatement of certain taxes be approved and that the abatement be recommended by this Board; and further

That this Board support the Collector in the collection of all unpaid poll taxes in accordance with the provisions of Sections 1 and 2 of Chapter 66 of the Public Laws.

Passed June 11, 1928.

RESOLUTION: REGARDING A PLAYGROUND IN WARD 8.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the property formerly owned by Stephen C. Badger Estate, in Ward 8, being Lot No. 4704, Map D, on the easterly side of the Canterbury Road, sold to the city for taxes, be set aside for use as a playground.

Passed June 11, 1928.

—o—

RESOLUTION: AUTHORIZING THE MAYOR TO EXECUTE A CONTRACT CONCERNING THE CARE OF THE CLOCK, BELL, AND CUPOLA ON THE BOARD OF TRADE BUILDING.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Mayor be and hereby is authorized and instructed to sign, seal and deliver in behalf of the city a contract with the owners of the Board of Trade Building, in which the city shall assume the care and repairs of the clock, the bell and the cupola in which the same are located.

Passed June 11, 1928.

—o—

RESOLUTION: AUTHORIZING THE ISSUE OF BONDS OF THE CITY OF CONCORD FOR THE SOUTH STREET SCHOOLHOUSE.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That for the purpose of paying for the erection, original equipment and furnishing of a school building on the school-house lot on South Street, the city borrow the sum of one hundred thousand dollars (\$100,000) in accordance with the request and upon the terms contained in the vote of the District passed at its annual meeting held April 5, 1928, and upon condition that the said District, at its special meeting to be held July 12, 1928, shall further vote to authorize its Board of Education to contract with the city for maturities in accordance with the terms of this resolution. Said bonds to be one hundred (100) in number and of the denomination of one thousand dollars (\$1,000) each, to be dated September 1, 1928, and to be made payable to bearer with interest coupons attached bearing

interest at a rate not to exceed four and one-half ($4\frac{1}{2}$) per centum per annum payable semi-annually on the first day of March and the first day of September in each year. Said bonds to become due and payable serially, five thousand dollars (\$5,000) to be payable the first day of September, 1929, and five thousand dollars (\$5,000) on the first day of September of each succeeding year until and including the first day of September, 1948. The principal of said bonds and the interest coupons attached to be made payable at the National Shawmut Bank of Boston, Massachusetts, or at the office of the City Treasurer in Concord, New Hampshire, at the option of the holder.

SECT. 2. The City Treasurer is hereby authorized to procure proposals for the sale of the bonds hereby authorized, and whichever bid seems for the best interest of the city shall be accepted by him, provided the same is approved by the finance committee. The right is reserved, however, to reject any or all bids.

SECT. 3. The Mayor and City Treasurer are authorized to execute in the name and behalf of the city such agreements in writing between it and said District as they may deem necessary and advisable to protect the rights of the respective parties growing out of this transaction.

SECT. 4. This resolution shall take effect upon the passage by the District special meeting of the vote contemplated by Section 1.

Passed July 9, 1928.

RESOLUTION: APPROPRIATING MONEY TO PAY TAXES ASSESSED IN 1927
ON RESIDENT REAL ESTATE SOLD TO THE CITY OF CONCORD FOR
UNPAID TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of thirteen hundred thirty-nine and 56/100 dollars (\$1,339.56) be, and the same is hereby appropriated out of any money in the treasury not otherwise appropriated, to pay taxes assessed in 1927 on resident real estate sold to the city for unpaid taxes as follows:

1922 Taxes	\$ 22.75
1923 Taxes	120.88
1924 Taxes	185.41
1925 Taxes	251.10
1926 Taxes	759.42

\$1,339.56

SECT. 2. That the city treasurer is hereby authorized to pay to the collector of taxes said amount of thirteen hundred thirty-nine and 56/100 dollars (\$1,339.56).

SECT. 3. This resolution shall take effect upon its passage.

Passed July 9, 1928.

—o—

RESOLUTION: APPROPRIATING MONEY TO PAY TAXES ASSESSED IN 1927 ON NON-RESIDENT REAL ESTATE SOLD TO THE CITY OF CONCORD FOR UNPAID TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of eleven and 41/100 dollars (\$11.41) be, and the same is hereby appropriated out of any money in the treasury not otherwise appropriated to pay taxes assessed in 1927 on non-resident real estate sold to the city for unpaid taxes as follows:

1919 Taxes	\$.30
1924 Taxes	2.22
1925 Taxes	8.89

\$11.41

SECT. 2. That the city treasurer is hereby authorized to pay to the collector of taxes said amount of eleven and 41/100 dollars (\$11.41).

SECT. 3. This resolution shall take effect upon its passage.

Passed July 9, 1928.

—o—

RESOLUTION: APPROPRIATING TEN THOUSAND SEVEN HUNDRED FORTY-NINE AND 56/100 DOLLARS TO PAY FOR REAL ESTATE SOLD TO THE CITY OF CONCORD FOR UNPAID TAXES FOR THE YEAR 1927.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of ten thousand seven hundred forty-nine and 56/100 dollars (\$10,749.56) be, and the same hereby is appropriated out of

any money in the treasury not otherwise appropriated, to pay the amount due to the City of Concord for real estate purchased at the tax collector's sale of real estate for the unpaid taxes for the year 1927.

Passed July 9, 1928.

—o—

RESOLUTION: AUTHORIZING THE MAYOR TO REVOKE A SUPPOSED ACCEPTANCE OF THE WORKMEN'S COMPENSATION ACT.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Mayor be authorized and instructed to file with the State Commissioner of Labor a formal revocation of the supposed acceptance of the Workmen's Compensation Act under date of September 19, 1923, the same not having been authorized by this Board, it being the object of this resolution not to recognize said acceptance, but to remove the same from the records.

Passed August 13, 1928.

—o—

RESOLUTION: MAKING ADDITIONAL APPROPRIATION TO THE ACCOUNT OF REPAIRS BUILDINGS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of six hundred seventy-five dollars (\$675.00) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated for repairs buildings. Said sum to be used for repairs made to the Board of Trade tower.

Passed August 13, 1928.

—o—

RESOLUTION: APPROPRIATING MONEY TO PAY JUDGMENTS IN MATTERS IN WHICH THE CITY WAS SUED AS TRUSTEE FOR RAYMOND MOSHER.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of eleven and eighty-four one hundredths dollars (\$11.84) be appropriated for the payment to Albert W. Levensaler, Attorney for John Gaudreau and Bernard J. Ferrin, of the liability

of the city as trustee in the suits of said Gaudreau and Ferrin against Raymond Mosher, the same to be charged to incidentals and land damages.

Passed August 13, 1928.

RESOLUTION: APPROPRIATING MONEY FOR THE PURCHASE OF THE CHARLES WIRRELL HOUSE.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of eighteen hundred dollars (\$1,800) be, and the same hereby is appropriated for the purchase of the real estate of Charles Wirrell at the junction of Center and Washington Streets, the same to be used with twelve hundred dollars (\$1,200) contributed for that purpose by various citizens with the understanding that the buildings thereon shall be removed within a reasonable time.

That the Mayor be and he hereby is authorized to make contract for the sale and demolition or removal of the said buildings within a reasonable time, and that upon removal of the said buildings the tract of land to be acquired by the city shall forever be subject to the condition that no building or erection or planting shall be placed thereon which shall obstruct the view of those using the highway adjacent to said property.

That said appropriation shall be charged to the account of incidentals and land damages.

Passed August 13, 1928.

RESOLUTION: AUTHORIZING THE MAYOR TO EXECUTE A QUITCLAIM DEED TO PROPERTY FORMERLY OWNED BY THE CENTRAL LIGHT AND POWER COMPANY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Mayor is hereby authorized to execute a quitclaim deed of property formerly owned by the Central Light and Power Company, Ward One, Lot No. 7280, Fisherville Road, sold to the city for taxes, at a price to include all taxes and costs assessed against said property which amounts to fifteen hundred fifty-three and 50/100 dollars (\$1,553.50).

The deed to this property to be made out in the name of Arthur E. Eastman.

Passed September 10, 1928.

—o—

RESOLUTION: AUTHORIZING THE MAYOR TO EXECUTE A QUITCLAIM DEED TO PROPERTY FORMERLY OWNED BY EUGENE T. BULL.

Resolved by the Board of Aldermen of the City of Concord, as follows:

The Mayor is hereby authorized to execute a quitclaim deed of property formerly owned by Eugene T. Bull, Ward 8, being five lots No. 4636, sold to the city for taxes, at a price to be fixed by a committee of three, one of whom shall be appointed by the Mayor, one by the prospective purchaser, and one by the two persons thus chosen. The expense of determining the price to be paid shall be borne by the purchaser.

The deed to this property to be made out in the name of Stephen E. Hall.

Passed September 10, 1928.

—o—

RESOLUTION: AUTHORIZING THE MAYOR TO INVESTIGATE THE SUBJECT OF STREAM EROSION.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Mayor be authorized, in behalf of the city, to engage in conferences with other interested parties looking to ways and means of controlling damage done by erosion from stream flow within the limits of the City of Concord.

Passed September 10, 1928.

—o—

RESOLUTION: APPROPRIATING MONEY FOR IMPROVEMENTS AT THE NORTH ENTRANCE OF BLOSSOM HILL CEMETERY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of five thousand dollars (\$5,000.00) be and the same hereby is appropriated out of any money in the treasury not other-

wise appropriated for paying the road at the north entrance of the Blossom Hill Cemetery and for constructing at the same place a storm sewer with manholes, catch-basins and other necessary appurtenances. The said appropriation is to be expended under the direction of a special committee composed of the Mayor, the City Engineer, the Superintendent of Streets and the Superintendent of Cemeteries.

Passed October 8, 1928.

—o—

RESOLUTION: AUTHORIZING THE MAYOR TO EXECUTE A QUITCLAIM DEED TO PROPERTY FORMERLY OWNED BY THE CENTRAL LIGHT AND POWER COMPANY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Mayor is hereby authorized in the execution of the quitclaim deed of property formerly owned by the Central Light and Power Company, Ward One, to include Lot No. 7272 in addition to Lot No. 7280, as passed by a resolution dated September 10, 1928.

Passed October 8, 1928.

—o—

RESOLUTION: AUTHORIZING THE MAYOR TO EXECUTE AND DELIVER A DEED OF WATER WORKS LAND IN WEBSTER.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Mayor be and he hereby is authorized in the name and behalf of the city to execute and deliver to Isabel Anderson and Henry H. Austin a deed of the land owned by the city for Water Works uses at or near the outlet of Long Pond in Webster, New Hampshire, in accordance with the recommendation of the Board of Water Commissioners, one-half the taxes for 1928 to be paid by the purchaser.

Passed October 8, 1928.

—o—

RESOLUTION: APPROPRIATING MONEY FOR CITY POOR.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of two thousand dollars (\$2,000) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated for city poor.

Passed November 12, 1928.

RESOLUTION: APPROPRIATING MONEY FOR INCIDENTALS AND LAND DAMAGES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of four hundred dollars (\$400) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated for incidentals and land damages.

Passed November 12, 1928.

—o—

RESOLUTION: APPROPRIATING MONEY FOR PRINTING AND STATIONERY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of three hundred dollars (\$300) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated for printing and stationery.

Passed November 12, 1928.

—o—

RESOLUTION: APPROPRIATING MONEY FOR COMFORT STATION.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of five hundred dollars (\$500) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated for comfort station.

Passed November 12, 1928.

—o—

RESOLUTION: AUTHORIZING THE MAYOR TO GIVE A RIGHT OF WAY ACROSS LAND OWNED BY THE CITY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Mayor be and he hereby is authorized to execute in the name of the city all such papers as may be necessary to give to the New Hampshire Public Service Company a right of way for poles and wires over lot number 4492B as shown on the assessor's map,

said right of way to be one hundred and twenty-five feet (125 ft.) in width its entire length.

Passed November 12, 1928.

—o—

RESOLUTION: APPROPRIATING MONEY FOR REPAIRS BUILDINGS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of three hundred fifty dollars (\$350) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated for repairs buildings.

Passed November 12, 1928.

—o—

RESOLUTION: AUTHORIZING THE COMMITTEE ON FIRE DEPARTMENT TO MAKE A LEASE FOR FIRE STATION.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Committee on Fire Department be authorized to sign, in behalf of the City of Concord, a lease from George W. Howe of Concord, to a tract of land with the buildings thereon situated on the Loudon road, to be used for a fire station, at a rental of ten dollars per month, said lease to carry a clause giving the city an option to buy the property any time within one year.

Passed November 12, 1928.

—o—

RESOLUTION: AUTHORIZING THE MAYOR TO EXECUTE AND DELIVER TO C. L. PIPER A DEED OF CERTAIN LAND.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Mayor be and he hereby is authorized to execute and deliver to C. L. Piper in the name and behalf of the city a quitclaim deed upon payment of the purchase price of two hundred and fifty dollars covering the following tract of land in Ward 3:

Beginning at a stone bound in the westerly line of the right of way of the Boston and Maine Railroad; thence north 62 degrees 7 minutes, west 151.7 feet to an iron pin in a ledge; thence north 4 degrees

east 176.9 feet to a stone bound; thence north 87 degrees 28 minutes east 88.7 feet to a stone bound in the westerly line of the right of way of the Boston & Maine Railroad; thence southerly by the said right of way 253.33 feet to the bound begun at.

Passed November 12, 1928.

RESOLUTION: AUTHORIZING THE MAYOR TO EXECUTE A QUITCLAIM DEED TO PROPERTY FORMERLY OWNED BY F. RAYMOND POTTER.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Mayor is hereby authorized to execute a quitclaim deed of property of the Concord Land and Water Power Co., Lot No. 28, Gladstone Avenue, being No. 6283, Assessor's Map, Sheet No. 73, formerly owned by F. Raymond Potter and sold to the city June 30, 1924, for non-payment of 1923 taxes. The price for the above lot to include all taxes and costs assessed against said property which amounts to twenty-five and 31/100 dollars (\$25.31).

The deed to this property to be made out in the name of the Concord Electric Co.

Passed December 31, 1928.

RESOLUTION: RELATIVE TO THE DISCONTINUANCE OF A PORTION OF THE HOPKINTON ROAD NEAR ST. PAUL'S SCHOOL.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That a certain portion of the Hopkinton Road, so-called, near St. Paul's School, in said Concord, beginning on the westerly side of the Dunbarton Road, so-called, at the intersection of the Dunbarton Road with Pleasant Street, so-called, and extending westerly a distance of thirty-three hundred eighty-six (3386) feet, more or less, from the point marked A to the point marked B on the plan annexed to the petition for the discontinuance of said highway, be, and the same is hereby discontinued, upon condition that St. Paul's School, the petitioner for said discontinuance, shall at its own cost and expense, and before said discontinuance shall finally become effective, construct a new highway, subject to the approval of and acceptance by the Board of Public Works of said Concord, to the extent of preparing the same for the laying of the cement, including the building of all

necessary culverts from the point marked C to the point marked D on said plan, — and upon further condition that an agreement be executed by St. Paul's School providing that the City of Concord, by its agents and servants, shall at all times have the right to enter the highway so discontinued for the purpose of laying, relaying or repairing city water or sewer pipes therein, and upon the further condition that such discontinuance shall not become effective until said new highway shall be opened for travel.

Passed December 31, 1928.

—o—

RESOLUTION: RELATIVE TO THE LAYING OUT OF A NEW HIGHWAY OVER LAND OF ST. PAUL'S SCHOOL IN SAID CONCORD.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That a public highway be, and the same is, hereby laid out and established in Millville, near St. Paul's School, in said Concord, said highway being described as follows:

Beginning at a point on the center line of Pleasant Street as heretofore laid out, 720.1 feet easterly of a stone bound opposite Fiske Road; thence south $81^{\circ} 25'$ west a distance of 209.7 feet; thence curving to the right with a radius of 1637.1 feet a distance of 638.1 feet (said curve having an intersection angle of $22^{\circ} 20'$); thence on a tangent north $76^{\circ} 15'$ west a distance of 1477.9 feet; thence curving to the right with a radius of 1910.0 feet a distance of 438.3 feet (said curve having an intersection angle of $13^{\circ} 09'$); thence on a tangent bearing north $63^{\circ} 06'$ west a distance of 770.9 feet; thence on a curve to the left with a radius of 1910.0 feet a distance of 292.2 feet (said curve having an intersection angle of $8^{\circ} 46'$). The above described line to be the center line of said highway, and said highway to be 55 feet wide for the first 62 feet, 25 feet being on the north side of the above described line; thence 60 feet wide, 30 feet each side of the above line, for 2856 feet; then 80 feet wide, 50 feet being on the north of the above described line for the remaining distance, — as shown on plan annexed to the petition for the laying out of said highway, between points D and E on said plan.

That said highway shall be constructed by said St. Paul's School between the point marked C and the point marked D on said plan to

the extent of preparing said highway for the laying of cement and the construction of all necessary culverts without cost or expense to the said City of Concord, and said highway shall be built in all respects subject to the approval of, and acceptance by, the Board of Public Works of said City of Concord.

Passed December 31, 1928.

—o—

RESOLUTION: IN RELATION TO A TEMPORARY LOAN NOT EXCEEDING SIX HUNDRED THOUSAND DOLLARS (\$600,000).

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Committee on Finance is hereby authorized to borrow on the credit of the city the sum not to exceed six hundred thousand dollars (\$600,000) for expenses in anticipation of taxes for the municipal year 1929 and to issue notes of the city therefor upon such terms and for such amounts as the committee shall determine. The said loan is to be payable from the taxes for the said municipal year, and the said Committee on Finance is hereby authorized to refund all or any of the said notes at their maturity; provided, however, that the refunding notes shall be payable within one year after the date of the incurrence of the debt represented by the note or notes refunded.

Passed Jan. 14, 1929.

—o—

RESOLUTION: APPROPRIATING MONEY FOR DEFICITS IN THE SEVERAL DEPARTMENTS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of twenty thousand two hundred ninety-two and 85/100 dollars (\$20,292.85) be, and hereby is, appropriated out of any money in the treasury not otherwise appropriated, to pay outstanding claims as follows:

Assessors	\$ 167.37
Care, City Clocks	12.50
Cemeteries	1,008.09
City Poor	680.93
County Poor	6,409.68

Dependent Soldiers, City	5.00
Garbage	1,418.91
Elections	465.64
Improvements, North Entrance Blossom Hill Cemetery	480.20
Interest on Bonds	1,397.50
Interest on Temporary Loans	1,779.13
Interest on White Property	3.96
Parks	162.65
Roads and Bridges	6,301.29
	<hr/>
	\$20,292.85

SECT. 2. That there be transferred to the appropriation for Assessors for the year 1928, the sum of seventeen and 75/100 dollars (\$17.75), the same being the earnings of this department.

SECT. 3. That there be transferred to the appropriation for Garbage for the year 1928, the sum of two hundred nineteen and 68/100 dollars (\$219.68), the same being the earnings of this department.

SECT. 4. That there be transferred to the appropriation for Parks for the year 1928, the sum of one hundred seven and 90/100 dollars (\$107.90), the same being the earnings of this department.

SECT. 5. That there be transferred to the appropriation for Police and Watch for the year 1928, the sum of three hundred eighty-six and 96/100 dollars (\$386.96), the same being the earnings of this department.

SECT. 6. That there be transferred to the appropriation for Public Library for the year 1928, the sum of four hundred forty-seven dollars (\$447), the same being the earnings of this department. Also that there be transferred to the Public Library the sum of three hundred fifty dollars (\$350), this sum representing the rent of the battery station on the White Property from the first of August.

SECT. 7. That there be transferred to the appropriation for Roads and Bridges for the year 1928, the sum of eighteen thousand six hundred seventy-four and 99/100 dollars (\$18,674.99), the same being the earnings of this department.

SECT. 8. That there be transferred to the appropriation for Trees for the year 1928, the sum of fifty-eight and 61/100 dollars (\$58.61), the same being the earnings of this department.

SECT. 9. That there be transferred to the appropriation for Sewers for the year 1928, the sum of eighteen hundred sixty-eight and 05/100 dollars (\$1,868.05), the same being the earnings of this department.

SECT. 10. This resolution shall take effect upon its passage.

Passed January 14, 1929.

RESOLUTION: ASKING FOR SEALED PROPOSALS FOR PRINTING AND BINDING THE ANNUAL CITY REPORTS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the City Clerk be, and hereby is, instructed to ask for sealed proposals for printing and binding the city reports for the year 1928 and submit the same to the Finance Committee who shall have full power to act in the matter.

Passed January 14, 1929.

RESOLUTION: AUTHORIZING THE MAYOR TO WITHDRAW FROM THE MERRIMACK COUNTY SAVINGS BANK THE SUM OF TWO HUNDRED EIGHTY-SIX AND 22/100 DOLLARS ON ACCOUNT OF WEST GARDEN.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Mayor be, and hereby is, authorized to withdraw from the Merrimack County Savings Bank the sum of two hundred eighty-six and 22/100 dollars (\$286.22) to reimburse the city for money expended in the care of the West Garden.

The said sum of two hundred eighty-six and 22/100 dollars (\$286.22) being a portion of the money deposited in said Savings Bank by the heirs of the late Frank W. Rollins for changes and improvements to be made in the said West Garden.

Passed January 14, 1929.

RESOLUTION: DONATING THE SUM OF TWENTY-FIVE DOLLARS OUT OF THE INCOME FROM THE DAVID OSGOOD TRUST.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of twenty-five dollars (\$25) be hereby donated out of the income from the David Osgood trust, to the poor children of the French Parochial School, who are inhabitants of the City of Concord, for the purpose of buying school books for said children.

SECT. 2. That said sum of twenty-five dollars (\$25) be paid to and expended under the direction of the principal of said school.

SECT. 3. This resolution shall take effect upon its passage.

Passed January 14, 1929.

MAYORS OF CITY OF CONCORD

The original charter of the city was adopted by the inhabitants March 10, 1853, and until 1880 the Mayor was elected annually. Since 1880 the Mayor has been elected for two years at each biennial election in November. Under the City Charter, adopted May 11, 1909, the Mayor was elected, in December, 1910, for one year, and biennially there after in November beginning in the year, 1911.

****Elected to fill vacancy, December 12, 1928.

IN MEMORIAM

Whereas, God in his infinite wisdom, has taken from us into eternal life, Hon. Olin H. Chase, Mayor of the City of Concord, be it therefore

Resolved, that we, the members of the Board of Aldermen of the City of Concord, hereby express our sincere feeling of grief and sense of personal loss, in the termination of our earthly relationships with Mayor Chase, who has served our city as Chief Executive, faithfully, impartially, and with signal ability.

Resolved, that Mayor Chase's generous nature, absolute fairness, keen sense of humor and spirit of comradeship and service have endeared him to all of us, and the pleasant memories of our joint service with him on this Board, will endure throughout our lives. Be it further

Resolved, that these resolutions be spread upon the official records of the Board of Aldermen, and a copy sent to Mrs. Chase.

In Board of Aldermen January 14, 1929. Adopted.

REPORT OF THE BOARD OF EDUCATION

—o—

To the Residents of Union School District:

Following the traditions of the past, the Board of Education has tried this year to center its interest on the points of greatest need. For some time the necessity of a new school building in the South End of the city has been realized by the School Board and by the citizens of the District. It is our pleasure to report that during the past year this need has been met. The new South End Platoon School stands completed today, as this winter has been unusually favorable for building activities. It will probably not be occupied, however, until the opening of the September term.

The building is practical to the last degree and is architecturally one of which Concord citizens may justly be proud. This, like many new school buildings today, is a one-story building. Ideally located on a lot containing eight acres of land it affords plenty of good air and sunshine. The building contains eight class rooms, a physical culture room 60x24, a highly modern kindergarten room, principal's office, teachers' room, library, dental clinic office, and an auditorium that seats 300 people.

The general contractor was the H. P. Cummings Construction Co., which used quite a good percentage of local labor in its work. Their bid was \$73,583.25. Three local companies were successful bidders:

Orr & Rolfe Co., Heating and ventilating	\$12,684.00
Lee Bros., Plumbing Contract	3,498.00
Reliable Wiring Co., Electrical Work	2,398.46
Architect's Fees — practically	6,000.00

Final payments have not yet been made but there have been very few extras and of the appropriation of \$100,000, a balance of around \$1,000 will probably be left. We do,

however, find it necessary to ask for \$7,000 for grading the lot and equipping this school.

Now that this building has been completed it is considered advisable by the School Board to sell the Penacook School, the Dunklee Street Kindergarten and the Iron Works School. Authority for so doing is asked in the warrant.

A second accomplishment during the past year has been the inauguration of the Platoon System in the Walker School. This has proved to be a real success and the Board is co-operating with Mr. Rundlett in his effort to make it more nearly universal. When the South End School is opened this system will be in force there.

A feature which has been worked out successfully in the Walker, Kimball and Rumford Schools is the "traffic system." A traffic squad, so-called, is appointed from each of the buildings. The members of this squad march out ahead of the other pupils and take their posts on certain crossings to direct the student traffic. Through the co-operation of the American Automobile Association, these boys have been furnished with belts and caps which lend some dignity to their positions. Our local police have also given these boys some instruction. In these congested districts this plan is unquestionably a wise precaution and a safeguard for the children.

Probably the Morrill School commands the real support and interest of all citizens to a greater extent than does any other school in our entire district. This is practical education and, as such, invaluable. The popularity of this school has manifested itself in the fact that during the past few years the enrollment has practically doubled with a three-fold increase in the number of pupil periods. This situation has brought to us the problem of providing larger quarters, and after careful study the logical solution seems to be to carry out the original idea of the architect, namely, to add two additional floors to the machine shop extension

built in 1923. This plan will also adapt itself admirably to the addition of other vocational courses which have previously been recommended by the Superintendent in former annual reports. We are asking for an appropriation of \$35,000 which we feel will amply cover this expense. We are confident we will have the hearty support of all in this request.

A very careful study of the Teachers' Pension System has been made by Mr. Leigh S. Hall of the Board of Education, and a few minor changes suggested by him were adopted. We are pleased to say that at the present time the Pension System is working to the satisfaction of everyone concerned.

Some few weeks ago contracts were made with the International Thrift Institute, Inc., of New York, for a school savings system conducted in connection with the New Hampshire Savings Bank. This institute operates in more than seven hundred cities and towns, and has already been the means of accumulating over \$40,000,000 of school savings. At the present time about 70% of our scholars are enrolled as weekly savers, which indicates that this effort is worth while. We believe it is one of our primary duties to teach thrift in our public schools.

During the year the grading of the High School grounds has been nearly finished and only a small portion of the work remains to be done in the Spring. The sidewalks, etc., are not yet completed. This work was done by A. H. Starkweather Co., of Needham, Mass., in connection with Mr. D. Osmond McLeod of our city. This has wrought a wonderful change in the appearance of both the building and the grounds and we have heard nothing but favorable comment.

Generally speaking, things have run along in a normal way this past year. We feel justified in offering our opinion that we are still maintaining high grade schools

and an up-to-date system of education throughout the Union School District.

Respectfully submitted,

Mr. Bennett Batchelder
Mrs. Elisabeth R. Elkins
Mr. Joseph S. Otis
Benjamin W. Couch, Esq.
Mr. George A. Hill
Mr. Leigh S. Hall
Mrs. Dorothy B. Jackson
Mrs. Grace A. Moulton
Dr. Charles H. Dolloff

(4) For the payment of in- terest (statutory)	29,685.00
(5) For the payment of other statutory requirements	
(6) For the general adminis- tration of the schools	10,300.00
Total budget for 1929-1930	413,629.63

IN MEMORIAM

MARY MARGARET DOHERTY

Born May 24, 1894. Died May 10, 1928.

Graduate Concord High School, 1911.

Graduate Concord Training School, 1913.

Elected teacher of Grade II in Kimball School in 1914,
and Rumford School in 1915. Faithful, kind and true.
One of the most efficient teachers ever connected with
Concord's Schools.

REPORT OF THE SUPERINTENDENT

To the Honorable Board of Education of Union School District:

It is my privilege, for the forty-third time, to submit for your consideration an annual report of the accomplishments of the schools of this district. It is the seventy-first of its series.

I invite your careful reading of the reports made by Assistant Superintendent Walker and the various heads of departments.

Educational Progress

In order to maintain the right perspective and to evaluate properly the progress of local educational conditions it is well for us to consider briefly the activities of the national forces that have a controlling influence in general educational advancement.

Some of these are:

1—Curriculum Revision.

2—Shortening the time heretofore given to public school work.

3—An earlier start for the child by closer study of individual differences and through scientific training of children of pre-school age.

4—The larger provision for adult education.

5—The wider use of objective tests to stimulate and direct the learning processes.

The National Educational Association this year recommends that the curriculum of public education be so adjusted that six years of elementary education and four years of high school education be adopted by the schools of the country and that two succeeding years be devoted to

high school extension courses. Progress toward this scheme has already been made in some states.

A review of school conditions in the state of Texas by the University of Texas recommends that the eleven-year plan be retained because it is educationally as strong as the longer plan and financially much more economical.

Salt Lake City, a city of 120,000, has just completed the installation of the eleven-year plan, and Cleveland with its 950,000 population is changing the twelve-year system to the ten-year scheme advised by the National Educational Association.

This movement for a closer adjustment of school time will gradually establish itself as a national policy and extension courses for high schools will be installed for the further continuance in school of those who cannot afford the expense of higher institutions. Such an arrangement for Concord can be put in operation with little if any increase of expense and with much greater educational advantage.

Pupil Enrollment

In the last three decades pupil enrollment in the schools has shown an increase of forty-one per cent. This increase, while moderate as compared with the more thickly settled sections of the country, shows that the population of the city is growing rather more steadily and surely than it did thirty years ago.

The Junior and the Senior High Schools gain consistently.

With the completion of the South End Platoon School the enrollment in that section will be well accommodated for a number of years to come.

The Walker and the Dewey Schools should care for the northwest part of the city for a long time.

The rural school enrollment varies but little and any considerable gain here need not be expected. The question

of transporting these pupils to schools where better conveniences are to be found is still worthy of consideration for the Mountain and Riverhill districts. This scheme is one that presents definite educational and financial economies.

School Buildings

Concord now has school buildings of which it should be proud. They are, for the most part, equipped according to modern ideas.

It must be borne in mind that buildings, like everything else, deteriorate unless given careful repair at frequent intervals and an appropriation should be made each year to take care of this.

The closet arrangement of the Parker School must be replaced by one that is more modern and effective.

The entire inside of the Junior High School should be refinished and the piping renewed.

Some other buildings need repairs at once. Beginning next fall term we shall have a number of buildings in disuse.

I see no reason why they should not be sold. Deterioration grows rapidly in unused buildings and a serious economic loss always follows.

The Senior High School

The general tone of the school has shown improvement during the past year. The spirit of co-operation between this institution and the lower schools has been manifest in the efforts of all the administrative officers of the faculty and the departments of Physical Culture and Home Economics.

The detailed work may be found in the reports of Headmaster Cook and Assistant Superintendent Walker.

The Rundlett Junior High School

Junior High Schools have now become an established educational policy throughout the country.

The accomplishments of this school testify to its strength. The teachers and pupils seem to be an interested corps of mutual helpers, a fact that has not only continued the success of last year but added to it in sufficient measure. The library is growing and well patronized by serious students. Standard objective tests reveal growing power in all the more important branches.

The laboratories for general science are of good working capacity. The pupil attendance is very large but, although exceeding the original capacity of the building, it is being quite well accommodated. The lack of sufficient yard room seriously handicaps the work of the school. The building ought to be refinished throughout and the piping needs readjusting to get the required heat in all the different parts. The united efforts of the Principal and the entire corps of assistants is worthy of the highest commendation.

Elementary

Results shown by objective tests reveal that these schools are up to the standards set by educational authorities.

As far as possible the homogeneous grouping of pupils has been followed with much success. The methods of previous years that recognized the mass only as the unit are gradually giving way to the idea that the individual is the unit — a change that is revolutionizing the problem of curriculum-making in the interests of all pupils.

The most concrete illustration of this work is to be found in the Parker School where the results of a one semester trial shows a very high rate of promotion (97.3%) which proves strength in individual work.

The Concord Training School

At the end of last June Miss Addie F. Straw, who had been identified with the Concord Training School since its

inception in 1888, was retired under the rules of the Teachers' Pension System.

It was thought best to continue teacher-training in the interests of the schools. Mrs. Alice J. Reed was chosen to take the place of Miss Straw. The wisdom of the choice is vouched for in the interest and achievements of the teachers in training. The work of Mrs. Reed is characterized by the results of broad professional training, unyielding energy and an ever-growing interest in her work.

The school was changed from the Dewey building to the Walker so that the pupil teachers might be able to observe constantly the working of five grades. Before, they had been confined to observation in but three grades.

The value of this school was clearly demonstrated in the winter just passed when from six hundred to one thousand pupils per day were absent during two weeks, also from eight to fifteen teachers. Had it not been for the services of these girls in training many rooms would have been closed.

The school is a decided asset for the educational welfare of the city.

Addie Frances Straw

Addie Frances Straw was born in Concord on November 21, 1857.

She received her education in the public schools of Concord, graduating from the high school in June, 1876.

In September, 1888, when it was decided to establish a training class for girls who were to adopt teaching as a profession, she was the one thought admirably fitted to conduct such a class. Subsequent success proved the wisdom of the selection.

Miss Straw's work in this school has always been one of the main factors of educational progress in our city.

Always shunning everything that would seem to call to public attention the value of her efforts, and never sparing

her mental and physical strength in the performance of her obligations, she continued with unqualified success up to the time of her retirement. There are all too few personalities like Miss Straw in any community, and her work as an educator has left its indelible mark upon the school history of Concord.

The Fine Arts

The results shown in both music and drawing are distinctly superior to those of recent years. The work of all the instructors has been painstaking and efficient.

The reports of the heads of these departments deal fully with the details of the work.

The Manual Arts

The standards of previous years have been fully maintained. We have been fortunate in securing and retaining competent teachers.

The number of pupils taking this work shows a steady increase.

In the Morrill School a department of Automobile study and repair should be inaugurated. This was recommended in my last annual report.

The administration of the Home Economics department has increased in efficiency. The school lunches are nutritious and rather more economically managed than I find to be the case elsewhere.

My inquiries into this work as conducted in other places reveals the fact that in almost every instance the entire expense of these departments is sustained by the sale of food in the lunches. Such expense includes all salaries and equipment as well as the cost of food.

The work required to conduct school lunches and that of the Home Economics differ very materially. Each is of such magnitude that the work requires much closer supervision than can be expected reasonably from one supervisor.

The only remedy that I can recommend is that each department be conducted under its own supervisor.

The Special School

This is located in the Walker building and is sustained for the accommodation of those pupils who, unfortunately, can never meet the requirements of the regular course of study.

These pupils come from various localities, some being transported at the expense of the district.

They have accomplished things that cannot help but gain the commendation of all. Many articles are made and sold by these children for the benefit of the school and at least once a year a public exhibition of the work is held. A half-tone reproduction of some of the work is to be found in this volume.

The Platoon Schools

The Platoon System of conducting schools was installed in the Walker School last September.

Miss Elizabeth J. Talpey, the first principal in the state to attempt the plan, studied its possibilities and saw at once the advantages it offered. Her enthusiasm, energy and well thought out way of installing it are worthy of the highest praise and its success is to be attributed largely to her skill.

This is the first of its kind to be adopted in the state. Like all other innovations that have been made in the schools, this scheme is of proven worth and may be considered a valuable contribution to the educational progress of the city. The advantageous features of the plan are definite and numerous.

The work of the regular home-room teacher is relieved of caring for so many subjects, thus assuring more concrete attention upon the preparation of a few things rather

than upon many. Each of the following groups is handled by one teacher:

1—Home room studies — Reading, writing, arithmetic, language, spelling, history.

2—Physical Culture — Games, and Auditorium Activities.

3—Music and Drawing.

4—Geography, Nature Study.

From official investigation and the testimony of the teachers, I find that the scheme produces a better school morale, greater interest, and more effective work in the regular studies. This plan, which will be inaugurated in the new South End school, lends itself readily to the fuller enrichment of the curriculum and to the broader education of the child.

Pupil Safety

During the year safety patrols have been inaugurated in the Walker, Kimball, and Rumford Schools. These patrols, which have been in operation in other cities, were begun here at the suggestion of Mr. Porter of the Concord Chamber of Commerce, to whom the credit rightfully belongs. The movement was sanctioned by a vote of the Board of Education and has proved itself to be very effective in keeping pupils out of danger from the automobile traffic. The local representative of the American Automobile Association, on invitation, kindly equipped the officers of these patrols with belts and caps and the Concord Police Department lent timely aid.

Recommendations

1—That more yard room be provided for the Junior High School.

2—That the Morrill School be enlarged to meet its growing enrollment.

3—That once in every successive three-year period each teacher be required to attend a standard summer school, and that a definite salary increment be allowed for professional study.

4—That steps be taken to revise the curriculum of studies so that graduates of the high school after ten years of elementary and secondary instruction, may have the advantage of two years of post secondary study in the various departments.

5—That visual instruction be stressed in all grades of school and that apparatus be provided to carry it into effect.

6—That school lunches be divorced from the department of Home Economics, be made to become self-sustaining, and that a supervisor be appointed for this work alone.

7—That a supervisor of Home Economics be appointed.

8—That the policy of appropriating a sufficient sum each year to insure proper upkeep of the buildings be adopted.

Teachers

The teachers of this district are unusually strong, hard-working and conscientious public servants.

They deserve all that the public can give them.

Each succeeding year many vacancies occur that are filled to the best advantage as allowed by the remuneration paid. Compared with other cities in the state their salaries are above the average and they are, in general, professionally alert.

A teacher's position now calls for more than the teaching required in the school year. In the country as a whole there appear well-defined movements to standardize the teaching of the various grades of school work.

This suggests that some scheme be adopted toward recognizing the worth of advanced professional study, through remunerative increments.

The injustice of paying all teachers alike regardless of their attitude toward professional improvement is very apparent.

One teacher anxious for advancement in professional growth devotes a part of his summer recess to such work. Another of the same grade devotes a part of his recess to work that bears little relation to school progress, yet each is receiving the same salary. Without doubt the professionally inclined teacher is worth more to the schools than the other and his worth should be recognized financially.

With this in mind I recommend a scheme of salary increments be formulated and adopted by your Honorable Body through which study for professional improvement can be provided with financial help.

I also recommend that all teachers in the employ of the district be required, once in successive three-year periods, to devote at least six weeks of the summer recess to professional study in standard summer schools approved by the superintendents.

Such schemes are in successful operation in many cities at the present time.

High professional equipment will generally be reflected in better teaching for the children.

The requirements for assuming a position in the Junior High School hereafter will be much more exacting than before, approximating quite closely those of the Senior High School.

With keen appreciation of the assistance of your Honorable Body and all others with whom I have been professionally associated during the past year, I respectfully submit this report.

L. J. RUNDLETT, *Supt.*

**REPORT OF THE ASSISTANT SUPERINTENDENT
OF SCHOOLS, CONCORD, N. H.**

Superintendent L. J. Rundlett, Concord, N. H.

Dear sir:

The annual report of 1927 treated in detail the qualifications possessed by the Concord teaching staff. The report for 1928 was centered about the topic "Success of the Concord High School Graduates in Colleges and Other Post-secondary Schools." This report will be a continuation of the policy of treating comprehensively each year one phase of school administration. This report will confine itself to a discussion of the work being done in the Commercial Department of the Concord Schools.

1. Aim of Commercial Education

To many individuals the mere mention of the words "Commercial Department" brings to mind the vision of pupils actively engaged in learning to typewrite, in studying shorthand, and in acquiring a knowledge of book-keeping. To others, the work of the Commercial Department in a public high school is justified only on vocational grounds. This view is decidedly limited and does not adequately express the present underlying principle of commercial education.

As early as 1899 the National Herbart Society recognized the danger of over-emphasizing the mechanical aspects of the course at the expense of the cultural. In its fifth year-book the following warning was given:

"Education for commerce will disappoint if it be planned on narrow technical lines. If schools of commerce, as a branch of public education, are to win and hold the favor of educational experts on the one hand and the business community on the other, they must be more than "clerk factories." Training for business to be of real value should be accompanied by breadth of view."

The modern business world demands in the young apprentice not only tokens that he has acquired and mastered the technical skills such as typewriting, stenography, book-keeping, and computation, but also that he has acquired the understanding of the basic principles of business organization and administration. In addition to this intellectual equipment, the prospective employer seeks to inform himself concerning certain character traits of the candidate such as punctuality, reliability, industry, initiative, manner of address, honesty, and many others. No other institution is so well adapted to provide opportunities to acquire fundamental technical skills along with ample cultural background as the cosmopolitan junior and senior high school with try-out possibilities in the lower secondary classes and the gradual emphasis on specialization in the junior and senior year.

2. Commercial Department Graduates

The records show that from 1919 to June, 1928, inclusive, 312 Concord young people have received diplomas from this department. This is an average of about 31 a year. In 1919, the number of commercial graduates was 27, and in 1928 the number was 34. In 1919 the total number of high school graduates was 102 and in 1928 the total number was 150. In other words, one out of every four pupils who received diplomas in 1919 and in 1928 was a commercial student. These figures indicate that the department has had a healthy growth with no great fluctuations in numbers from year to year.

3. The Curriculum of the Commercial Department

The subjects offered in the Commercial Department will be discussed under the following heads: Technical subjects, semi-vocational subjects, and cultural subjects.

A—Technical Subjects

The instruction in the technical subjects has for its

primary purpose the development of skills on the part of the learner. The subjects of typewriting, stenography, bookkeeping, and commercial arithmetic are included within this classification.

a—Typewriting

Typewriting is required of each pupil at the beginning of the sophomore year, and the instruction is continued through the first semester of the senior year.

The beginning of typewriting at the beginning of the first semester in the sophomore class rather than in the second semester was thought advisable because of the advantage it would give the pupil in transcribing his shorthand notes during the second half of the school year.

b—Stenography

This subject is begun at the beginning of the second semester of the sophomore year. The work for this period is in the nature of a try-out course where the work of each pupil is carefully scrutinized, and his capacities for this subject studied by the instructor. At the end of the period, recommendations are made either for further study or for its discontinuance. Two typical reports on the work of students follow.

PUPIL No. 1

<i>Reasons for Continuing</i>	<i>Reasons for Dropping</i>
<i>Shorthand</i>	<i>Shorthand</i>
1. Fairly quick mental processes.	1. Left-handed.
	2. Slightly deaf.
	3. Interested mostly in bookkeeping.

Recommendation: That she drop shorthand and take General Business Course.

PUPIL No. 2

<i>Reasons for Continuing Shorthand</i>	<i>Reasons for Dropping Shorthand</i>
---	---

- | | |
|--------------------------------------|-------|
| 1. Interested in short-hand. | None. |
| 2. Studious. | |
| 3. Ambition is to be a stenographer. | |

Recommendation: That she continue the Secretarial Course.

c—Bookkeeping

This subject is begun at the beginning of the sophomore year and may be pursued either one or two years. Two years work is required of all pupils who elect the General Business Course in the junior year.

d—Commercial Arithmetic

This subject is run as a unit course in the first half of the sophomore year and is required of all pupils enrolled in this department.

B—Semi-vocational Subjects

The subjects from which pupils can acquire a knowledge of underlying business principles may be called semi-vocational. Under this heading are included: Junior Business Training, Economics, Sociology, and Secretarial Practice.

a—Junior Business Training

This course is offered for an entire year in the freshman class (O and P) in the Rundlett Junior High School. Its aim is to give the pupil a broad acquaintance with the work done in the business and industrial world. It is distinctly a Junior High School subject.

b—Sociology and Economics

These two subjects are offered as electives in the Secretarial Course and as required subjects in the

General Business Course in the senior year. The purpose of the instruction in these two subjects is to give the pupil a knowledge of the more simple laws of economics and sociology which underlie most of the problems arising in the business world.

c—Secretarial Practice

This course has been given a place in the last semester of the senior year. Its purpose is to provide actual office practice for the commercial people not only in office technique, but to give an opportunity for each pupil to apply his knowledge in actual office practice, and to gradually get away from the atmosphere of the class room to the actual environment of the busy office in mercantile, and industrial establishments. The success of this part of the course depends a great deal upon the degree of co-operation which is secured from our local business concerns.

C—Cultural Subjects

The term "cultural" is very elastic. A subject may be thought of as cultural even though the main motive for taking the subject may be entirely vocational. For instance, a pupil may take English for the direct purpose of preparing to pass a college entrance requirement and the course may be taught entirely from this point of view. From the point of view of the commerce teachers, perhaps, those subjects which are not directly or indirectly aligned to the work of business may be regarded as "cultural." Such subjects are: General mathematics, algebra, geometry, history, modern languages, music, art, and science.

In the commercial department of the Concord Secondary Schools an opportunity is provided during the four years for every pupil to acquire some information in the cultural fields listed above.

D—Courses in Home Economics and Mechanic Arts

The program of the Commercial Department permits a girl to acquire information and skills in sewing and cooking, general home making, nursing, home organization, and home management.

To the boy, courses at the Morrill School are open as far as the facilities permit.

4—Placement of Graduates

An effort is made to place each graduate of this department in local positions. Local merchants and business men have co-operated and unsolicited letters of commendation received from employers show the degree of success of the department along this line. A form letter that is used in this placement work is shown below:

“Gentlemen:

On January 25 another class graduated from Concord High School. Among the members are a number of pupils who have taken the Commercial Courses and who hope to find employment at an early date. We hope you will consider them when you have an opening for full time or part time employment.

We would suggest that, before employing one of our graduates, you call up Mr. Cook at the High School (No. 1373) or Miss Hood at her home (No. 2588-R), as we keep records of each commercial graduate and can furnish you with data as to ability to do the kind of work required and the personality and general habits of the applicant. We keep such records for the purpose of helping the business man to find the type of worker best fitted to do the work and best suited to the environment of the office where he or she is needed.

Appreciating your co-operation, we are

Respectfully yours,

Commercial Department.

by.....”

5—*Extension of Work*

(a) *Additional Commercial Training unnecessary after graduation*

The boy or girl who takes either the secretarial or the general business course is fully qualified at graduation to enter the industrial world. For this type of pupil further commercial work of a high school character is entirely unnecessary.

(b) *Elective Commercial Courses*

Instruction is offered in certain commercial subjects to pupils whose main concern is with the work in other curricula. The ability to typewrite may almost be considered one of the signs of an "educated person." The facilities of the department permit such instruction to be given to pupils who are not specializing in commerce.

(c) *Post Graduate Work Available*

The department has successfully given instruction to graduates of both the classical or academic courses who have found themselves unable to attend colleges or normal schools. This instruction is given to these pupils without additional expense to parents.

6—*Summary*

(a) — The aim of the commercial department is to provide a liberal education as well as to secure proficiency in the technical subjects.

(b) — The school records show that the commercial department has had a healthy growth over a period of ten years.

(c) — Graduates of this department enter successfully the local business offices and mercantile establishments.

(d) — An adequate system of placement has been installed, and the department in the past has succeeded in placing its graduates through the co-operation of local business men.

(c) — The department has the necessary facilities for training the boy or girl who graduates from other curriculum and finds it necessary to obtain office employment. To such boy or girl an opportunity is provided to secure commercial training without further expense to parent.

Respectfully submitted,

CHARLES W. WALKER,
Assistant Superintendent.

REPORT OF THE MEDICAL INSPECTOR

Mr. L. J. Rundlett, Superintendent of Schools:

Dear sir:

Following is a general resumé of the work of medical inspection in Union School District for the year ending January 31, 1929.

With the capable assistance of the school nurse and the dental assistant, 2980 routine physical examinations of pupils were conducted in the district. A detailed report of the results of these examinations and the follow-up work of the school nurse is given herewith. In addition to this number, 569 pupils in the parochial schools were examined.

Milk Lunches

The pasteurization of milk has been under discussion during the past year, some citizens feeling that an increased number of lunches would result from the distribution of raw milk to those pupils who preferred it. Considering the remarkable freedom from infectious disease that now exists in the district, the medical inspector feels that this change would be a distinct step backward and contrary to the best recognized practice of leading medical authorities. A survey of the reports of the city health department shows but two deaths of children of school age, during the year 1928 — one from acute Bright's disease and one from meningitis — an enviable record for a population of 3,500 children.

General health conditions have been excellent. With the exception of numerous cases of grippe in January, 1929, contagious diseases were very few throughout the year.

In November, with the approval of the school dentists, the dental clinic was transferred from the Walker School to the office of the Medical Inspector in Parker School —

a much more convenient location. The clinic continues to perform its valuable service to the district.

Recommendations

At the present time the most urgent need from a sanitary standpoint is a thorough renovation of toilets in the Parker and Harriet P. Dame Schools. With the recent installation of city water on the plains there need be no excuse for the lack of modern plumbing in the latter building; and conditions at the Parker School are not creditable to the district. Proper toilet facilities are a part of the health education of the child.

In conclusion the medical inspector expresses his appreciation of the various organizations of the city, the Kiwanis Club, the hospitals, and specialists, who have made possible many corrections of physical defects in the "underprivileged."

With sincere thanks to you, Mr. Rundlett, and my associates in the district, for hearty co-operation in my work.

Respectfully submitted,

ARTHUR K. DAY, M.D.,
Medical Inspector.

SUMMARY OF PHYSICAL EXAMINATION

FROM FEBRUARY 1, 1928, TO FEBRUARY 1, 1929

Number of pupils examined	2980
Number of pupils more than 10% below weight	584

SUMMARY OF HEALTH DEFECTS

	No. of Cases	Treatment Secured
Defective Teeth	768	595
Defective Vision	110	84
Strabismus	2	1
Defective Hearing	1	0
Unvaccinated	88	37
Pediculosis	110	81
Hypertrophied Tonsils	51	17

Total	1147	830

Respectfully submitted,

ARTHUR K. DAY, M.D.,
Medical Inspector.

DETAILED REPORT OF SCHOOL NURSE

FEBRUARY 1, 1928, TO FEBRUARY 1, 1929

Number of schools visited	19
Number of visits to schools	646
Miscellaneous visits to schools	82
Number of visits to homes at request of teachers for absences and follow-up work relative to the cor- rection of defects	473
Assisted Medical Inspector at routine physical exam- inations	2980
Number of pupils examined for personal cleanliness	1691
Number of Parochial School children examined	569
Number of interviews with officials and physicians to make arrangements for treatment	304

With the assistance of the Concord Family Welfare Association and numerous interested citizens, children absent from school were provided with clothing and their attendance secured.

I wish to thank the physicians and hospitals of the city, Dexter Optical Co., and the Kiwanis Club for their valuable assistance.

Respectfully submitted,

GEORGENA C. MANSUR, R.N.,

School Nurse.

DENTAL CLINIC

FEBRUARY 1, 1928, TO FEBRUARY 1, 1929

Number of clinics held	52
Number of patients	440
Number of examinations	438
Number of cleanings	389
Number of extractions	765
Number of fillings	692
Amalgam	466
Cement	226
Number of treatments	9
<hr/>	
Total number of operations	2293

Dentists: Dr. Young, Dr. Morton, Dr. Washburn.

Respectfully submitted,

ESTHER A. MAGNUSON,

Assistant.

REPORT OF THE HEADMASTER OF THE HIGH SCHOOL

February 19, 1929.

*Superintendent L. J. Rundlett,
Concord, N. H.*

Dear Sir:

I am sending you the annual report of the Senior High School.

STUDENT BODY

The following tables show the enrollment and graduation for the past year.

	Boys	Girls	Total
First Semester 1928-29	325	335	660
Present Semester	337	335	672
Class of January, 1928	15	24	39
Class of June, 1928	47	58	105
	<hr/>	<hr/>	<hr/>
Total for 1928	62	82	144
Class of January, 1929	21	23	44

The enrollment has been the largest in the history of the school. The Class of June, 1928, was the largest single class to graduate and the combined January and June classes make the largest number ever graduated from the school in any one year.

We have received satisfactory reports from our college students as a whole with some individual reports showing a high grade of work. We are also receiving good reports from those who have gone out from the commercial department. The returns from this department are not so definite nor so regular as from the colleges but those which do come give evidence of good preparation for office work.

Changes in Teachers

At the close of the academic year in June, 1928, we lost by resignation, seven teachers, and since the opening of the present year one other teacher resigned. This makes a change in approximately one-third of our faculty from last year. It is a greater change than we have had for several years and is one which it is to be hoped will not be repeated very often. One of the strongest forces in maintaining the standards of school work is found in the retaining of capable teachers for a period of years. This makes it possible to carry out a consistent policy which makes for effective work and satisfactory results.

Courses of Study

Two changes in our courses of study have been made with the beginning of the present school year. The first affects the Commercial Course and consists in dividing the course after the sophomore year into two parts, Secretarial and Business. In the Secretarial Course the requirement of bookkeeping has been reduced to one year. Stenography and typewriting are continued through the first semester of the senior year, being replaced in the second semester by Office Practice. In the Business Course, stenography is not required. Typewriting and Bookkeeping are required for two years. Economics, Sociology, and Office Practice are also required for a semester each. This change makes it possible to give a form of business training to students who cannot meet the speed requirements of stenography or who do not wish to take that subject. It also gives excellent training for office work where stenography is not needed.

The second change is in connection with the fifth course. This has heretofore been the Domestic Arts Course. As such, strictly, it was small in numbers and those electing it as a separate course were growing fewer. The classes in Domestic Arts were maintained by offering these subjects as electives in other courses. The change made was

to make this course a General Course, including in it all students, both boys and girls, who do not take ancient or modern languages. This change makes a course more nearly comparable in size to the other courses and is of assistance in arranging class divisions. As our courses now stand we have five in all. The first or Classical Course requires Latin through the entire course. The second or Academic, requires French through the three years of the Senior High School. The third is the Commercial, divided in the junior year into two sections, Secretarial and Business. The fourth course is the Mechanic Arts Course which is so arranged that the students in the junior and senior years are working under the Smith-Hughes plan. The fifth is the new General Course in which is offered combinations of English, Science, Mathematics, History and Domestic Arts. These five courses offer rather a wide field of choice for the student, yet each course is designed to lead to some definite end.

Grounds and Building

The laying out of the grounds around the building has been nearly completed. There remains only some grading to be done, the sidewalk to be built, and the road to be surfaced. When these have been done and when the lawns have been developed and some plantings made, the building will have a suitable and attractive setting which will add much to its appearance.

A moving picture machine has been installed and a screen purchased for the stage. The machine can be used for either slides or for moving pictures. This gives the school equipment which enables it to take advantage of the latest development in visual education.

The lighting of the stage has been improved by putting in a dimmer and overhead lights. It has proved a decided asset in staging the school plays.

There also has been bought for the gymnasium several

pieces of apparatus which are necessary for the work of the classes. There is at the present time all that is really needed for physical education work except a curtain which should be installed to divide the gymnasium into two parts. This installation will render the work of physical education more easily administered and more efficient than it is at the present time. We have now to give the gymnasium three days a week to the boys and two days a week to the girls for one week, alternating the next week. This is not as satisfactory as it would be to be able to divide the classes so they could come every week the same number of times.

Music and Drawing

The glee clubs, band, and orchestra have never been better than they have been the past year. The operetta, which was given by the combined dramatic club, music clubs, and art club last year, provided a very attractive feature. A similar one is to be given this year. The new building has given us a greater opportunity to develop this line of work than ever before and the increased facilities have increased the character of work of these departments. During the present semester, we are having the art instructor for seven periods a week and have a class in drawing. I feel confident that if we could have the time of the instructor in art, we could develop drawing to a greater extent than has been possible in the past. I think, also, the same would be true in regard to music if it were possible to secure more of the teacher's time. Both of these departments now have rooms and I feel that there is a great deal in these courses that would appeal to and be a benefit to the students of the school.

Aims

The work of the High School has changed greatly in the last few years. The introduction of the practical courses and the broadening of the academic curricula have trans-

formed the school. The aim of the High School formerly seemed to be chiefly to stand as an inspiration and an aid for those who wished to go beyond high school for their education. At the present time the aim has changed to a larger degree. If we are to sum it up in one word we would take for the aim "citizenship." At least the High School is now endeavoring to train its students so they can go out into the world better equipped for life and citizenship in this country. It is, I think, the correct view to take of High School work and yet at the same time while developing these courses to the fullest extent and making them of as much practical value as possible, we should endeavor to retain as much as possible of the cultural and educational benefits that did actually exist under the older system.

Respectfully submitted,

C. F. COOK,

Headmaster.

**REPORT OF THE PRINCIPAL OF THE RUNDLETT
JUNIOR HIGH SCHOOL**

Mr. Louis J. Rundlett, Superintendent of Schools:

Dear Sir:

I herewith submit my second annual report of the Rundlett Junior High School.

To fill the places made vacant by the resignation of two of the teachers last spring, Miss Shaw and Miss Gelpke were added to the teaching staff. However, the latter, due to illness, was obliged to resign at the end of six weeks, and we were most fortunate to be able to again secure the services of Mrs. Bertha Osterheld, who had been with us two years and whom we were very sorry to lose from the staff.

When school opened in the fall, six hundred and forty pupils were enrolled, making necessary the employment of another teacher, and Mrs. Minnie Thompson was engaged. We realize our good fortune in obtaining Miss Shaw and Mrs. Thompson as members of the teaching force. With such a large enrollment it is necessary to conduct one class in a corner of the Assembly Hall, a condition that is not ideal. If the enrollment increases, steps will have to be taken in a short time to meet the crowded conditions. It seems unfortunate that there is no suitable playground in connection with a school building housing such a large group of students.

The name of the school has been cut in the granite over the main entrance. The placing of new treads on the stairs has added to the appearance of the building and to the safety of the pupils.

I wish to call especial attention to the heating apparatus of the building. It is most inadequate and unsatisfactory and should have a thorough overhauling before another winter.

In closing, I wish to acknowledge the great assistance and co-operation I have received from the superintendents, special teachers, and the members of the teaching staff.

Respectfully submitted,

HARRIET S. EMMONS.

**REPORT OF THE PRINCIPAL OF THE MORRILL
SCHOOL OF MECHANIC ARTS**

Mr. L. J. Rundlett, Superintendent of Schools:

Dear Sir:

I respectfully and briefly submit my tenth annual report of the work of the Morrill School.

Teachers

Again, I am very thankful for the privilege of conducting the activities of this school with a full staff of trained and experienced teachers. It has made it possible to maintain large classes without impairing the quality of our instruction and without the annoyance of disciplinary troubles. The spirit of professional improvement among the members of the staff has been most exemplary. All conventions and school surveys, as recommended by the State Department of Education, have been faithfully attended, and twelve of our teachers were members of the professional improvement class conducted this winter by Headmaster Charles F. Cook.

Organization

The school schedule has continued to be arranged so that Senior High School pupils pass between the High and Morrill Schools during the noon recess. This method of organization has proven so satisfactory that no greater conduct troubles have been encountered than were expected, from the passing problem, when the schools were adjacent.

Projects

The outstanding projects, completed during the past year, have been the printing of the school magazines for the Rundlett Junior High and the Parker Schools, the construction of three great chests for use in the Senior High

School, and the designing and development of plans for the proposed enlargement of the Morrill School.

The school magazines, the "Rundlett Junior High School Life" and the "Parker School Crystal," are publications in which Concord parents should be greatly interested. We are proud of our part in producing these papers, for we know that we have shown the proper spirit for school teamwork, and we believe that very few school print shops, training Junior and Senior High School pupils, surpass the excellent craftsmanship exhibited in these projects.

The three large chests were made by Junior High pupils for the High School Athletic Association. The material used was hard wood and the workmanship and finish were exceptionally high grade. Due to the crowded condition of our shops, it was exceedingly difficult to handle these great chests during their construction.

Designing and developing the plans for the proposed addition to this school has been the most educational and interesting project ever attempted by our drafting department. Our older pupils thoroughly appreciate the necessity for more room in the school, and many also desire instruction in auto repairing. Therefore, the interest was very keen from the start, and the study of building construction and Concord's new building code has guaranteed the educational value of the work.

Other departments in the school have done commendable work during the past year, but the instruction and projects have been, for the most part, in keeping with well established and thoroughly tested educational procedure.

Enrollment

A total enrollment of six hundred and seven pupils for the first semester of the year and a total of six hundred and twelve pupils for the second semester was a decided gain over any previous year. The increase has been largely in the Junior and Senior High School classes, which has

greatly added to the pupil period load. We trust that the consistent increase in the mechanic arts enrollment indicates the approval of the Morrill School by Concord parents. Because of this consistently increased enrollment over a period of years and the addition of many pupil activities, we feel justified in asking for more room and better working conditions. It is earnestly hoped that this request may be granted soon, so that it will not be necessary to limit the number of pupils allowed to participate in the mechanic arts work. In planning for more room, we have suggested the installation of an auto repair department, rather than a duplication of shops now in operation. In recommending the installation of an auto repair department, we are acting in accord with the expressed wishes of the superintendent of schools and in line with the best educational practice, for schools of this type, throughout the country.

Inspections

On two occasions, during the past year, the school has been thrown open, in the evening, for public inspection. Pupils returned to the shops in order that the school might be operated under actual working conditions and exhibits of projects were arranged. The Spring exhibit of Junior High School cabinet-making received much favorable comment from our own people, and from many visiting educators from other school systems. We are glad to report that on all such occasions the attendance has been very great.

In Appreciation

The splendid spirit and co-operation, which I have received from our superintendent of schools, other school officials, parents and my immediate associates, has been most gratifying.

Respectfully submitted,

ROLAND G. HARTWELL,

Principal.

REPORT OF THE SUPERVISOR OF HOME ECONOMICS

Mr. L. J. Rundlett, Superintendent of Schools:

Dear Sir:

During the past year there have been a few changes in the Home Economics work.

Miss Esther Eastman and Miss Dorothy Barnard resigned their positions during the summer vacation, which were respectively filled by Miss Elizabeth Hanson of East Concord and Miss Helen Watson of Rochester. Both teachers have done commendable work. Unfortunately, near the close of the first semester, Miss Watson met with an accident which necessitated the hiring of a substitute. This position is being well filled by Mrs. Harold Hood of this city.

The Home Economics Course, or fifth course, has been replaced by a General Course, making the various home economics courses elective. Our classes have never had as large enrollments.

A new course, entitled General Homemaking, was introduced this September for classes O, P. This is a true exploratory course of Home Economics work.

Camp Cookery Clubs for boys have been organized in the Rundlett Junior High School. These have proved very popular.

The nursing classes at the High School visited the Pembroke Sanatorium during the Christmas vacation for educational purposes. A program was put on for the children followed by a Christmas tree, distribution of presents and refreshments.

A banquet was given to the Kiwanians in the early fall, and the proceeds were used to more completely equip the cooking laboratory at the Rundlett Junior High School.

The lunch rooms are functioning well, increased receipts over last year showing increased patronage.

I recommend the following changes:

High School

That more of the Home Economics work be required than elective.

A linoleum floor laid in the student dining room.

Rundlett Junior High School

Transparent windows to replace the opaque windows in the dining room, kitchen and cooking laboratory.

In general

That two small electric dishwashing machines be purchased for the lunch rooms at the Rundlett Junior High School and Senior High School.

The Concord Woman's Club has shown a profound interest in our department, for which I wish to publicly express my appreciation.

In closing, it seems most fitting to add my sincere thanks to all with whom it has been my pleasure to work, each one giving their loyal support and co-operation.

Respectfully submitted,

RUTH M. CUTTER,

*Supervisor of Home Economics
and Lunch Rooms.*

REPORT OF KINDERGARTEN SUPERVISOR

Mr. Louis J. Rundlett, Superintendent of Schools:

Dear Sir:

I am submitting my annual report of the kindergarten department for the past year.

To an outsider there has not been much change from that of previous years. The aims of the kindergarten and the objectives reached each June must of necessity be practically the same. It is the many ways by which these objectives are reached that keep the spirit of the kindergarten alive and growing.

The number of children enrolled in the kindergarten has been about the same as of former years. The average attendance except during epidemics has been good. The number of marks for tardiness and absence is always large with little children, but every year shows some improvement in that direction.

With the exception of the Christmas Tree Parties which were well attended as usual, there have been no public special days. In every kindergarten the so-called party days are numerous. At present it is quite popular for a child to celebrate his birthday at the luncheon period. This friendly co-operation with the mother helps to bring the home and the kindergarten together.

Mothers are our most frequent visitors and are welcome at all times. We wish that others, whether parents or not, could find time to visit and see the children at their work under normal conditions.

In accordance with regulations of the Board of Education a child may be admitted to first grade before six years of age if his parents desire, provided he has had at least one half year in kindergarten and the teacher deems such promotion beneficial to the child. I would recommend that the half year be raised to a whole year, as I consider the

first half of the year is needed for the child's adjustment to his new environment; the second, in preparing him to meet the requirements of the first grade.

There have been two changes in the teaching staff owing to the resignations in June of Miss Katherine Remick and Miss Sally Clement. Miss Pauline Davenport has been given the principalship at the Rumford School with Miss Doris Robinson of Concord as her assistant. Miss Luey Howard has returned as assistant at the Garrison School.

Teacher's meetings are held every third Tuesday, this year in the different kindergarten rooms.

We have this fall revised the kindergarten report card and used it at the February promotion. We think this card an improvement over the first one as it explains more clearly what we consider important in the child's development. We hope to revise also the Habit Records which we are using.

At present we are trying to put into tangible form the work carried on in the Concord kindergartens, what we are doing today and have done in the past year. This work is being done by committees, each group taking one activity of the morning, and compiling lists of stories told, songs sung, games played, projects that have been carried on, equipment of the rooms, and various other things.

It is due to interest and co-operation of all that such things are possible, and I appreciate the work that each one is willing to give to accomplish this.

I am also grateful to you and Mr. Walker for the friendly attitude shown and helpful advice given to me at all times.

Respectfully submitted,

IYLA CHAMBERLIN,
Supervisor of Kindergartens.

REPORT OF THE SUPERVISOR OF DRAWING

Mr. Louis J. Rundlett, Superintendent of Schools:

Dear Sir:

I herewith submit my report as Art Director in the schools of Concord.

A new course of study has been adopted and practiced with very satisfactory results in both the grades and the High School. Miss Coombs teaches drawing and painting in classes A through K, with a brief talk on Art Appreciation each month.

At the Parker School, even though necessary to combine some of the classes, which is unfortunate, there is unusual interest. Twelve pupils calling themselves the "Parker Palettes" designed and painted a mural for the wall space above the entrance to the Assembly Room.

Art has been made a compulsory subject in the M and N classes in the Rundlett Junior High School. They meet once a week and their work comprises figure study, nature and design, poster, lettering and color. An Art Club of thirty members was organized to meet each week for the purpose of studying craft work, such as making and decorating cement tiles, soap carving, basket weaving and decorating wooden household articles.

A seven period a week credit course in Elective Drawing is being started this semester in the High School. The outline of this course is as follows: Post drawing and figure construction, nature, design, poster construction, lettering, decorative panels, and color. Each week there is a meeting of the Art Club. The pupils have been decorating wooden salad sets, covered tin boxes with triangular pieces of letter linings and shellacked, designed and cut copper book ends. We are about to take up leathercraft. This club plans to design and paint the scenery for the Operetta to be presented in the spring.

The Art Appreciation course in conjunction with Music Appreciation meets each day at the High School. The history of Art, from the period of Primitive Art to the present day, was briefly studied. Note books are kept for Picture Study, in which each pupil has miniature famous pictures with accompanying description and life of the artist.

The Concord Training Class meets an hour and a half each week for the purpose of acquiring the fundamentals and general knowledge of Art. They assisted the Senior class in planning the decorations in the gymnasium for the Senior Levee.

Because of the expansion of this department, and after conferences with Mr. Walker, it was found necessary to curtail the Art work in the Millville, Ironworks, Riverhill, Mountain and Hall Street Schools, thus making it necessary to hold monthly meetings with these teachers.

As usual the exhibition will be held during the month of June.

In conclusion, I wish to express my sincere appreciation to the Superintendent, the Assistant Superintendent and the teachers for the interest and co-operation extended to both Miss Coombs and myself.

Respectfully submitted,

DOROTHY A. GRIBBIN,
Art Director.

REPORT OF THE SUPERVISOR OF MUSIC

Mr. Louis J. Rundlett, Superintendent of Schools:

Dear Sir:

One of the most pleasing and interesting developments this year in the Union School District has been the adoption of the platoon system by one of the larger schools.

Under the sympathetic work of one teacher, interested in music and the teaching of the same, more time has been allotted to the Art.

Moreover, the groups of children taught under this system are smaller, which must increase individual efficiency.

The art of intelligent listening, or Music Appreciation, as it is called, has also at this school been given its correct place in the curriculum.

In all the lower grades, more time has been given to individual note reading. The ability to read music easily is a fundamental for good intelligent singing. Much individual work with large classes could not be given during the short music periods. However, with more schools under the platoon system, it is hoped that results then attained will more than offset the lack of time under the old system.

All the classes from A up to, and including J, in the city and rural schools have been watched over most faithfully and carefully by my assistant, Miss Rachael Johnson.

The Parker School chorus under the direction of the Principal, has maintained a high standard of work. The singing of this large and enthusiastic group has been supervised by me twice a month.

An orchestra has also been organized in the building.

In the Rundlett Junior High School the unusually large chorus of over 600 children has sung under my direction for two 45 minute periods a week. Their singing is inspiring.

The Junior Orchestra in this building, consisting of over 30 members, has done excellent work. Meeting for an

hour's concentrated practice each week, good progress has been made on the new music by the great Masters, and which was introduced this year. The instrumentation of these pieces relegates the wind section of the orchestra to its proper place in the ensemble.

In the Senior High School the Boy's Glee Club of 35 members, and the Girl's Glee Club of 52 members have done good work.

The Band and the Orchestra in the same building have met regularly also once a week. These four important organizations were called on to provide entertainment at the State Teacher's Conference last October, and their efforts were highly spoken of.

Mr. Nevers kindly directed the Band for me in the Gymnasium, whilst, at the same hour I sponsored the two Glee Clubs in the Assembly Hall.

At the sectional Music Supervisor's business meeting held on the first morning of the Conference, it was decided to organize an All-State Orchestra for the State Convention to be held in October of this year.

Perhaps the outstanding feature of this year for the Music Department was the presentation, for the first time in the history of the Union School District, of an Operetta.

"Peggy and the Pirate" was chosen as the work. The music is written by Geoffrey O'Hara, the well-known composer of songs, and libretto by Geoffrey Morgan.

It was presented on two successive evenings, and the performance was on a high level. The Assembly Hall was filled to capacity on both occasions. Such a work was only possible by the harmonious and sincere co-operation of the Dramatic Department under the Sub-master, Mr. Tucker, the Art Department, and the Home Arts Department, under the supervision of Miss Magoon and Miss Cutter, respectively.

I am happy that the year's work has been marked by a desire, on the part of all with whom my work has brought

me into contact, to do their very best, and to faculty and pupils alike, I desire to put on record my deep appreciation of the same.

Respectfully yours,

H. MAITLAND BARNES.

REPORT OF THE PHYSICAL DIRECTOR

Mr. L. J. Rundlett,

Superintendent of Schools.

Dear Sir:

I hereby submit my report as Physical Director and Coach of Athletic Teams. This report deals briefly with instructions given, schools benefited and recommendations for improvement.

Physical exercises are presented at a certain period each day in the Elementary Schools, the Junior High School and the Senior High School.

Two important improvements have been made at the Senior High School during the past year.

- (1) The gymnasium has been equipped with apparatus, which makes our physical program more interesting for the boys during their drill periods.
- (2) Towels have been furnished to the students free of charge, which makes it possible for each boy to have a bath after his drill period. (This is greatly appreciated by the students.)

The Rundlett Junior High School exercises are presented in the school rooms under the supervision of the teacher with pupil leaders directing and instructing the classes. These leaders are changed at different periods for the development of student leadership.

The Parker School physical exercises are held outdoors, when the weather permits, and in the assembly hall at all other times. Calisthenics and dumbbell exercises are presented here with music which adds rhythm and interest to the different exercises and drills.

The Elementary Schools' physical work is divided into two classes.

- (1) The classes from A to D have mimetic exercises

and games in which considerable interest is shown by the youngsters.

- (2) Classes from E to J have calisthenics and games which are presented usually with pupil leaders under the supervision of the teacher. By rotating the pupil leaders, leadership is developed in the whole class.

With the completion of the new athletic field on Fruit Street our program for the development of athletic teams will be benefited considerably. It will add time to the periods of instruction, also making it possible for the boys to hurry to the locker room and have a shower before cooling off after a hard practice.

At this time I wish to thank the public-spirited citizens who so generously gave their time and money to develop this field which was a vital necessity for the proper development of the youth in our city.

There are two recommendations for improvement which I believe will help this work at the Senior High School.

- (1) By installing a curtain in the gymnasium it would be possible for us to have gymnasium assignments for the boys each day.
- (2) As the balcony is so located at present that there is an obstruction which interferes with a view of the program being carried on, I believe that the front could be changed at a nominal cost, and a much better view obtained.

Respectfully submitted,

EUGENE M. CALLAILAN,
Physical Director.

ANNUAL SCHOOL MEETING WARRANT**STATE OF NEW HAMPSHIRE**

*To the Inhabitants of Union School District in Concord,
N. H., qualified to vote in district affairs:*

You are hereby notified to meet at the Auditorium on Prince Street in said district on the fifth day of April, 1928, at three o'clock in the afternoon to act upon articles 1, 2 and 4 of this warrant. Voting for election of moderator, clerk and members of the Board of Education will be by official ballot and checklists. The polls will be open for this purpose at three o'clock p.m. and will remain open until eight o'clock p.m. and for such further time, if any, as the moderator may determine at the meeting; and at eight o'clock p.m. to act upon the remaining articles of the warrant.

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To hear and act upon the report of the Board of Education for the past year.
4. To choose three members of the Board of Education to hold office for three years, to fill the vacancies arising from the expiration of the term of office of Harry F. Lake, Dorothy B. Jackson, and Merton C. Knapp.
5. To choose one or more auditors for the ensuing year.
6. To see what sum of money the district will raise and appropriate for the support of schools for the ensuing year.
7. To see what sum of money the district will raise and appropriate for the payment of the debts of the district.
8. To see if the district will vote to erect and equip a grade school on its lot on South Street, raise and appropriate money for the same, and authorize the Board of Education to do all things necessary to carry this into effect.

9. To see what sum of money the district will raise and appropriate for the teachers' pension fund.

10. To see if the district will vote to authorize the Board of Education to install steam-heat in the Rumford School in place of the present warm air system, raise and appropriate money for the same.

11. To see if the district will vote to authorize the Board of Education to grade the high school lot, raise and appropriate money for the same.

12. To see if the district will vote to give the Board of Education authority to sell the Chandler School building and lot on the corner of South and Fayette Streets.

13. To transact any other business that may legally come before said meeting.

Given under our hands this 19th day of March, 1928.

HARRY F. LAKE,
ELISABETH R. ELKINS,
DOROTHY B. JACKSON,
JOSEPH S. OTIS,
BENNETT BATCHELDER,
GRACE G. MOULTON,
GEORGE A. HILL,
BENJAMIN W. COUCH,
MERTON C. KNAPP,

Board of Education of Union School District.

I certify that on the 20th day of March, 1928, I posted a copy of the written warrant, attested by the Board of Education of said District at the place of meeting within named, and a like attested copy at the Police Station in the City of Concord, N. H., being a public place in said District.

LOUIS J. RUNDLETT.

Concord, N. H., March 20, 1928.

Then personally appeared before me, on this date, the said Louis J. Rundlett, and made oath that the above certificate by him signed is true.

I. REED GOURLEY,

Justice of the Peace.

RECORD OF ANNUAL MEETING
1928

The annual meeting of the legal voters of Union School District was held at the City Auditorium in Concord, April 5, 1928, at 3 o'clock in the afternoon.

ARTICLES I, II and IV.

The moderator called the meeting to order and read the warrant and declared the polls open for the election of moderator, clerk and three members of the Board of Education, to remain open until 8 p.m. and for such further time as the moderator might determine.

ARTICLE III. On motion of Bennett Batchelder, duly seconded, it was

Voted: That the report of the Board of Education having been printed and distributed, the reading of the same be dispensed with and the report as printed be accepted and placed on file.

ARTICLE V. On motion of Alpheus M. Johnson, duly seconded, it was

Voted: That the clerk be instructed to cast one ballot for William C. Brunel and Clyde M. Davis as auditors for the ensuing year, and they were declared duly elected to said office.

ARTICLE VI. On motion of George A. Hill, duly seconded, it was

Voted: That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District for the support of schools for the ensuing year such a sum as in addition to the sum required by law will amount to the sum of Three Hundred Seven Thousand Two Hundred Eighty-seven and 03/100 dollars (\$307,287.03.)

ARTICLE VII. On motion of Harry F. Lake, duly seconded, it was

Voted: That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School

District the sum of Fifty-three Thousand Four Hundred Twelve and 50/100 dollars (\$53,412.50) of which sum Twenty-Seven Thousand dollars (\$27,000) shall be appropriated for the payment of bonds maturing during the year and Twenty-six Thousand Four Hundred Twelve and 50/100 dollars (\$26,412.50) for the payment of the interest on its bonded indebtedness accruing during the year.

ARTICLE VIII. On motion of Merton C. Knapp, duly seconded, it was

Voted: That Union School District erect, originally equip, and furnish a school building to accommodate at least two hundred fifty (250) school children, on its school house lot on South Street and that the sum of One Hundred Thousand dollars (\$100,000) is hereby raised and appropriated for the same, and to provide for the same appropriation the Board of Education of said district is hereby authorized and directed, pursuant to authority of law, to enter into an agreement with the city of Concord that said city of Concord borrow on the credit of said city of Concord for the purpose of erecting, originally equipping and furnishing of said building in said Union School District, the sum of One Hundred Thousand dollars (\$100,000) and to issue bonds of said city of Concord for the payment of the same and bearing a rate of interest not exceeding four and one-half per cent ($4\frac{1}{2}\%$) per annum and there is appointed the Board of Education of said Union School District as a committee who shall power to erect, originally equip, and furnish said school building.

ARTICLE IX. On motion of Elwin L. Page, duly seconded, it was

Voted: That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District the sum of Two Thousand dollars (\$2,000) and the same be appropriated for the Teachers' Pension Fund.

ARTICLE X. On motion of Bennett Batchelder, duly seconded, it was

Voted: That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District the sum of Seven Thousand dollars (\$7,000) for installing steam heat in the Rumford School.

ARTICLE XI. On motion of Joseph S. Otis, duly seconded, it was

Voted: That there be raised, and is hereby ordered to be raised, on the polls and ratable estates within Union School District the sum of Twenty-five Thousand dollars (\$25,000), for the general purpose of grading the present High School lot, and that the same be expended at the discretion of the School Board.

ARTICLE XII. On motion of Benjamin W. Couch, duly seconded, it was

Voted: That the Board of Education be authorized to sell by public auction or to the highest bidder in private sale, the Chandler School building and lot, situated at the northeast corner of Fayette and South Streets, and be directed to enter the sum received by the sale to the credit of Union School District.

The moderator declared the polls closed at 9.05 p.m. and announced the result of the ballot as follows:

Total number of ballots cast	1516
------------------------------	------

For moderator:

Arthur P. Morrill had	1212 votes
-----------------------	------------

and he was declared duly elected moderator for the ensuing year and took the oath of office as prescribed by law before Ray E. Burkett, Justice of the Peace.

For Clerk:

Ray E. Burkett had	1195 votes
--------------------	------------

and he was declared duly elected clerk of the District for the ensuing year and took the oath of office prescribed by law before the moderator.

For members of the Board of Education:

Dennis Sullivan had	1 vote
James M. Langley had	1 "
Wallace Purrington had	1 "
George W. Parker had	304 "
Elmer J. Foster had	531 "
Merton C. Knapp had	641 "
Charles H. Dolloff had	787 "
Dorothy B. Jackson had	912 "
Leigh S. Hall had	946 "

and Charles H. Dolloff and Dorothy B. Jackson and Leigh S. Hall were declared duly elected members of the Board of Education for a term of three years.

On motion of Harry F. Lake, at 9.20 p.m. the meeting adjourned.

A true record. Attest:

RAY E. BURKETT,
Clerk.

STATE OF NEW HAMPSHIRE

*To the Inhabitants of Union School District in Concord,
N. H., qualified to vote in district affairs:*

You are hereby notified to meet at the Parker School on School Street, in said district on the twelfth day of July at seven thirty o'clock in the evening to act upon the following articles of this warrant:

1. To see upon what terms of maturity the Board of Education shall contract with the City of Concord regarding the bonds authorized by the district on April 5, 1928, to pay for the erection, original equipment and furnishing of the school building on the South Street lot.

2. To transact any other business that may legally come before said meeting.

Given under our hands this 28th day of June, 1928.

BENNETT BATCHELDER,
LEIGH S. HALL,
GRACE G. MOULTON,
JOSEPH S. OTIS,
CHARLES H. DOLLOFF,
GEORGE A. HILL,

Board of Education of Union School District.

A true copy of the original warrant attest:

BENNETT BATCHELDER,
LEIGH S. HALL,
GRACE G. MOULTON,
JOSEPH S. OTIS,
CHARLES H. DOLLOFF,
GEORGE A. HILL,

Board of Education of Union School District.

RECORD OF SPECIAL MEETING

Concord, N. H., July 12, 1928.

A special meeting of the inhabitants of the Union School District was held at the Parker School, July 12, 1928, at 7.30 o'clock.

The meeting was called to order by the Moderator who read the warrant and order of the Court authorizing the calling of the meeting.

On motion of Bennett Batchelder, duly seconded, it was:

Voted: That the Board of Education be and they hereby are authorized to contract with the City of Concord for the issue of one hundred thousand dollars (\$100,000) in bonds contemplated by vote of the District on April 5, 1928, to pay for the erection, original equipment and furnishing of a school building on the school house lot on South Street, upon the following terms as to maturity, to wit: Five thousand dollars (\$5,000) one year from the date of said bonds and five thousand dollars (\$5,000) annually thereafter until all of said bonds shall mature, the last maturity being twenty (20) years from the date of said bonds, which shall be September 1, 1928.

No further business coming before the meeting, on motion of Mr. Joseph S. Otis, it was voted to adjourn.

A true record:

Attest:

RAY E. BURKETT,
Clerk.

**REPORT OF THE
BOARD OF WATER COMMISSIONERS**

To the Honorable Mayor and Board of Aldermen:

The period covered by this report was one of most unusual activity in plant extension, requiring for proper and intelligent decision a vast amount of time and study.

For the past few years, the Board has been much concerned over the question of water supply. The growth of the city and the greatly increased consumption of water, combined with an abnormally low rainfall, had resulted in keeping Penacook Lake at a dangerously low level. Even with the spring run-off, the Lake had not at any time reached its normal high point. For the purpose of making an exhaustive survey of water supply sources, we engaged an engineering firm of national repute, and the summer and fall of 1927 were devoted to their studies, every possible source of supply within a reasonable distance being carefully studied and surveyed. Many projects were considered, but after giving due weight to every argument, we eventually decided to accept what is known as the Soucook River proposition, and then, looking to the time when this additional supply would be required, and in furtherance of that plan, in the summer of 1928 we extended the mains into the Plains area directly on the course to the Soucook, so that at the present time we have only one mile further to lay pipes in order to tap the supply which we have in mind. At the same time the Plains section is given a domestic supply and excellent fire protection. With a normal rainfall, Penacook Lake will provide a sufficient supply for present uses, but if occasion develops, it is a comparatively small undertaking to install the necessary storage dam, filtration beds and pumping station at the point selected by us on the Soucook River.

It was at first thought that the additional water supply, the extension into the Plains area, the laying of water mains to East Concord, and the additional high-pressure service needed in the western parts of the city might be forced upon us in a single year, and if so, this would have required a large expenditure, which with the bonds already issued and coming due yearly, with their interest, would have involved a very marked increase in water rates. We decided to postpone every project, except the extension to the Plains, believing that if we could take one step at a time, an increase in water rates might be prevented. Fortunately we had a normal supply of rain during the past season, so that the additional supply has not yet become necessary, and we have been able to pay the expense of the Plains extension from current income and the investment account.

During the season of 1929 we shall extend the system to East Concord, commence a three-year program of relaying cement-lined pipe in Penacook, at a total estimated cost of \$54,000, lay a main in Snow Street, Concord Manor, relay a line on South Main Street, and extend a line from Giles Street west on School Street to Grand View Avenue. The East Concord project requires an expenditure of approximately \$75,000. This will call for a bond issue. It is expected that the other projects can be paid from current income. We hope, within the next five years, to develop the new supply on the Soucook and the additional high-pressure system, resorting of course to bond issues, so far as necessary, but without increasing water rates to any material extent, and perhaps not at all.

During 1928, in addition to the Plains development and the normal extensions which come every year, we assisted the Memorial Athletic Field by laying its water supply without expense to the citizens of Concord.

It should be stated that neither the Plains District nor the East Concord section can demonstrate any reasonable

return on the investment, yet these communities are thriving, prosperous suburbs, and it has been our judgment that the convenience of having city water and fire protection was in line with modern civic progress, and that the expenditure was justified.

The details of the various projects which were completed last year, including the chlorination plant at Penacook Lake, are fully covered in the Superintendent's report.

Respectfully submitted,

EXTENSIONS AND IMPROVEMENTS

Distribution pipes laid in 1928:

6-inch:

Hope Avenue, west from Broadway, 1036 feet.

Kensington Road, extended north, 399 feet.

Granite Street, extended east, 259 feet.

Dunklee Street, north from McKinley Street, 197 feet.

Old Hopkinton Road, opposite Millville Cemetery, 190 feet, replacing 4-inch.

Palm Street, extended west, 12 feet.

Linden Street, Penacook, extended south, 317 feet.

2-inch: 33 feet; 1-inch, 190 feet; 33 feet discontinued.

On hydrant branches: 111 feet of 6-inch.

Thirteen gates were set during the year.

Eight new hydrants were set as follows:

South Main Street, west side at Margaret Pillsbury General Hospital.

South Street, west side at Jackson Avenue.

South Street, west side at South End School House.

South Street, west side near R. W. Upton's.

Hope Avenue, north side, 500 feet west from Broadway.

Hope Avenue, south side at end of street.

Granite Street, north side near No. 12.

Linden Street, Penacook, east side, 460 feet south from Washington Street.

Eighty-one new services have been laid consisting of 1496 feet of 3/4-inch; 328 feet of 1-inch, and 8 feet of 1-1/4-inch pipe. One 6-inch connection for fire supply pipe was made for Concord Gas Co.

Twenty-one services were discontinued of which 8 were replaced by new ones and 13 discontinued permanently.

Twenty-nine supplies were added to our total number of services when the city accepted several private ways in Concord Manor.

One hundred and ten services were relaid and curb valves placed on 26 old services.

One hundred and thirty-nine new meters have been set and 10 have been discontinued.

PLAINS SYSTEM

Distribution pipes:

12-inch:

Bridge Street, from opposite Taylor Coal Co. to junction of North Pembroke and Loudon Roads, 4681 feet.

North Pembroke Road, from junction with Loudon Road to east of Canterbury Road, 3450 feet.

8-inch:

Canterbury Road, from North Pembroke Road to Loudon Road, 1257 feet.

Grover Street, from Loudon Road to North Pembroke Road, 640 feet.

Loudon Road, from junction with North Pembroke Road to east of Grover Street, 2305 feet.

South Pembroke Road, south from North Pembroke Road, 1667 feet.

6-inch:

Grant Street, south from North Pembroke Road, 1086 feet.

Greeley Street, south from North Pembroke Road, 1080 feet.

Lawrence Street, west from South Pembroke Road, 1425 feet.

Ormond Street, north from Loudon Road, 560 feet.

Prescott Street, west from Ormond Street, 580 feet.

Robinson Street, south from North Pembroke Road, 540 feet.

Weston Street, west from South Pembroke Road, 504 feet.

2-inch:

Lawrence Street, west from end of 6-inch, 418 feet.

London Road, east from end of 8-inch, 231 feet.

North Pembroke Road, east from end of 12-inch, 337 feet.

On hydrant branches: 358 feet of 6-inch.

On blow off: 12 feet of 6-inch.

Forty-five gates were set as follows: 12-inch, 5; 8-inch, 5; 6-inch, 35; also three 2-inch.

Twenty-eight hydrants were set as follows:

Bridge Street, north side at Lane's.

Bridge Street, north side, at foot of Gully Hill.

Bridge Street, north side opposite South Pembroke Road.

Canterbury Road, west side, halfway between North Pembroke Road and London Road.

Grant Street, west side, 500 feet south from North Pembroke Road.

Grant Street, east side, at end of street.

Greeley Street, west side, 500 feet south from North Pembroke Road.

Greeley Street, west side, at end of street.

Lawrence Street, north side, 700 feet from South Pembroke Road.

Lawrence Street, north side, at end of 6-inch pipe.

London Road, north side, near Curtis house, No. 11.

London Road, north side, opposite Howe's store.

London Road, north side, at Canterbury Road.

London Road, north side, opposite Grover Street.

London Road, north side, at end of 8-inch pipe.

North Pembroke Road, north side, opposite N. H. State Camp Grounds.

North Pembroke Road, north side, at Harriet P. Dame School.

North Pembroke Road, northwest corner of Grover Street.

North Pembroke Road, north side, opposite Grant Street.

North Pembroke Road, south side, east of Robinson Street.

North Pembroke Road, south side, at Canterbury Road.

Ormond Street, east side, at end of pipe.

Prescott Street, east side, at end of pipe.

Robinson Street, west side, at end of street.

South Pembroke Road, west side, near Weston Street.

South Pembroke Road, west side, near Ash house, No. 32.

South Pembroke Road, west side, at Kimball house, No. 52.

Weston Street, north side, at end of pipe.

One hundred and seven service pipes were laid of which one hundred and one were connected and are in use; three were connected but are not yet in use; three have not been connected to house.

Length of 107 services: 2451 feet of 3/4-inch; 59 feet of 1-inch and 36 feet of 3-inch pipe.

Ninety-eight meters were set.

STATISTICS

Total length of main and distribution pipes now in use in system, 427,224 feet or 80.91 miles.

Total number of gates, 1179.

Total number of hydrants, 530; private 102.

Total number of services 4514; length of service pipes, 106,408 feet or 20.15 miles; also supply three houses on private ways.

Total number of meters now in use, 3489 of which ten are only for estimating use.

The most important work of the year was the extension of the High Service to the Plains. The cost of this extension was considerably lowered by the use of centrifugal cast iron pipe lined with cement instead of sand cast pipe, a power shovel owned and operated by W. E. Lynch of

West Concord to dig the ditches, and a tractor backfiller owned by the Water Works to fill the ditches. Leadite and lead hydrotite were used for joint material instead of lead.

A 500-foot crossing of the Merrimack River was part of the job, and whether to go on the bed of the river or on the bridge was for a while considerable of a problem. At first it seemed best to lay the pipe in a trench in the bed of the river and numerous soundings from the ice were made to ascertain the nature of the bottom. It was found to be sand and quicksand as far as could be tested by rods and the surface of the bottom constantly changing. It was finally decided to lay the pipe on the bridge where it could always be inspected.

Permission was requested and received from the Board of Public Works and 12-inch Universal pipe was purchased and laid with two expansion joints on a steel structure built onto the north side of the bridge.

In order to protect the pipe from freezing a two foot box was constructed around it and the pipe packed with coarse granulated cork. The average pressure on the Plains is 58 pounds.

Twenty-eight hydrants were installed, approximately 380 persons are supplied and practically all services metered. The average daily consumption is 5000 gallons; this low consumption is accounted for by the fact that the Plains have no sewerage system.

The service pipes in North Main Street from Centre to Church Street were relaid with galvanized cement lined wrought iron pipe on account of resurfacing the street. In Pleasant Street west from Fruit Street to Fiske Road, the services were also relaid in preparation for the proposed concrete highway. One inch red brass pipe was used on this relaying job.

All the buildings at the dam consisting of the pavilion at the Park, the gate houses and the cottage have been painted

and repaired. The store house at the shop has also been painted and shingled.

The system of accounts and billing of water rates has been changed from book ledgers to cards. Formerly the bills were kept at the office and the consumer sent a postal card with the amount of his bill written on it; now all bills are sent out which it is hoped will result in convenience to both the consumer and the office.

I would recommend that a start be made in 1929 in replacing the cement lined mains in Penacook with cast iron. These mains were laid in 1887 and their condition as shown by several breaks and other inspections indicate that they should be relaid.

There is now in Penacook north from Stark Street 17,091 feet of cement lined pipe varying in size from 4-inch to 12-inch. The amount of cast iron pipe in Penacook is 19,427 feet varying from 4-inch to 10-inch in size. It would probably take about three years to relay the cement lined pipe.

The water supply in Penacook Lake reached the overflow mark June 1, 1928, making 3.5 feet rise since January 1 or 6.5 feet rise since the low point of 178.5 on November 6, 1927, and continued to waste until about the middle of July when it began to drop gradually and December 31, stood at 182.30, which is 2.7 feet below the overflow or .8 foot higher than December 31, 1927. With an average spring rainfall the lake should reach the overflow in the spring of 1929.

In accordance with the recommendations of Metcalf & Eddy and the State Board of Health an automatic chlorinating plant controlled by a 20x9 Venturi meter has been placed in operation at the brick gate house at the lake. The amount used is at the rate of 2.3 pounds per million gallons or .27 parts per million; at a cost of \$.09 per pound of chlorine the cost of chlorinating 1,000,000 gallons of water amounts to \$.21 or approximately \$.546 per day.

With the amount used by Concord it is impossible to detect the slightest trace of chlorine at any tap in the city.

Chlorine is made from salt by passing electricity through salt-water. It is just as harmless as salt and just as necessary. The proper application of liquid chlorine will not create taste or odor, — will not change the potable quality or the chemical or physical characteristics of the water in the least, but it will kill the microbes of disease and make the water absolutely safe to drink.

The average daily consumption by Venturi meter is 2,500,000 gallons.

In this the fifty-sixth annual report of the Superintendent of the Board of Water Commissioners and my twenty-second report, I wish to express to the Board my thanks for the continuance of their support and confidence.

Respectfully submitted,

PERCY R. SANDERS,
Superintendent.

SUMMARY OF STATISTICS

—o—

FOR THE YEAR ENDING DECEMBER 31, 1928

CONCORD WATER WORKSCITY OF CONCORD, COUNTY OF MERRIMACK, STATE OF
NEW HAMPSHIRE

—o—

GENERAL STATISTICS

Population by census of 1920 — 22,167.

Date of construction — 1872.

By whom owned — City of Concord.

Source of supply — Penacook Lake.

Mode of supply — Gravity, also pumping to reservoir for
high service and fire protection.**PUMPING**Builders of pumping machinery — Worthington Pump and
Machinery Corporation and DeLaval Steam Turbine Co.**ELECTRIC PUMPS**

1. Description of power:
 - a. Alternating, 3 phase, 60 cycles, 2,200 volts, 1,800 R. P. M.
 - b. Price per K. W. H., \$0.01 $\frac{1}{3}$, 8 p.m. to 6 a.m.; maximum, \$1,800 per year, 300,000,000 gallons; \$6.00 per 1,000,000 gallons over 300,000,000.
2. K. W. H. used for year, 205,305.
3. Total pumpage, by Venturi meter, 401,768,000 gallons.
4. Average static head against which pump works, 90 feet.
5. Average dynamic head against which pump works, 115.2 feet.
6. Gallons pumped per K. W. H., 1956.9.

7. K. W. H. used per 1,000,000 gallons pumped, 511.
8. Cost of total pumping figured on pumping station expenses — \$5800.41.
9. Per million gallons pumped — \$14.437.
10. Per million gallons raised one foot (dynamic) — \$0.1253.

DISTRIBUTION MAINS

1. Kind of pipe — cast iron and cement-lined.
2. Sizes — four-inch to twenty-four-inch.
3. Extended — 22,476 feet during year.
4. Relaid — 190 feet during year.
5. Discontinued — .0 feet during year.
6. Total now in use — 80.91 miles.
7. Number of leaks per mile for year —
8. Length of pipes two inches and less diameter — 5.445 miles.
9. Number of hydrants added during year — public, 36.
10. Number of hydrants now in use — public, 530, private, 102.
11. Number of stop gates added during year — 58.
12. Number of stop gates now in use — 1179.
13. Number of stop gates smaller than four-inch —
14. Number of blow-off gates — 80.
15. Range of pressure on mains at center of city — 88 pounds high service and 48 pounds low service.

SERVICES

16. Kind of pipe — cement-lined.
17. Sizes — three-fourths-inch to ten-inch.
18. Extended — 4378 feet.
19. Discontinued — 410 feet.
20. Total now in use — 106,408 feet.
21. Number of service taps added during year — 197.

22. Number now in use — 4514.
23. Average length of service — 23.57 feet.
24. Average cost of service for the year —.
25. Number of meters added during year — 227.
26. Number now in use — 3489.
27. Percentage of services metered — 77.29.
28. Percentage of receipts from metered water — 90.62.
29. Number of elevators added — none.
30. Number now in use — 9.
31. Number of stand pipes for street watering —.

FIRE DEPARTMENT

REPORT OF CHIEF ENGINEER

To the Board of Aldermen:

In accordance with the requirements of the city ordinance, I herewith submit for your consideration the report of the Fire Department for the year 1928.

The department responded to 58 bell alarms and 438 still alarms.

In addition one fire, entailing loss, occurred for which no alarm was given.

<i>Alarms</i>				
	Bell	Still	No Alarm	Total
Precinct	37	316	1	354
Penaeook	13	83		96
East Concord	2	16		18
West Concord	3	22		25
*Plains	3	1		4
	<hr/>	<hr/>	<hr/>	<hr/>
Totals	58	438	1	497

*Combination hose and chemical car installed on the Plains December 6, 1928.

Engine Co. No. 5 also organized. Organization accepted and confirmed by the City Government, January 14, 1929.

Compensation also determined same date.

This report will be found to contain statements in detail embracing the amount of expenditures, and a complete roll of the department with residence and occupation of each member.

The number of alarms responded to exceeded all previous records, accompanied by increase in loss over that of the preceding year.

Thirty thousand dollars of the loss is accounted for, however, by fire occurring in the suburbs far from adequate protection from fire.

The apparatus is in good condition.

Two new pumping engines were added to the equipment which was a move in the right direction.

Fire protection was accorded the Plains District in the form of a new company equipped with a combination chemical and hose ear and hydrant service.

The fire alarm systems of the precinct and Penaeook are working satisfactorily.

Owing to existing conditions in the city, I earnestly recommend the addition of foamite equipment to the apparatus.

The addition of a new company reduced the complement of hose in the precinct to the extent of one thousand feet.

I therefore recommend the purchase of two thousand feet of hose.

During the month of October I was privileged to attend the convention of the International Association of Fire Chiefs held at Philadelphia, a report of which I rendered at that time.

I am deeply appreciative of the opportunity afforded me to attend.

Respectfully submitted,

W. C. GREEN,
Chief Engineer.

Apparatus and Force

The apparatus and force of the department is as follows:

Precinct, located at the Central Fire Station, one first-class Amoskeag engine, "Eagle," and one 750-gallon Ahrens-Fox motor-driven combination pumping engine and hose car, attached to Eagle Steam Fire Engine Company (15 men); one second-class Amoskeag engine, "Kearsarge," and auto-combination car, attached to the Kearsarge Steam Fire Engine Company (13 men); one second-class Amoskeag engine, "Governor Hill," relief engine, in charge of an engineer and fireman, one motor-driven combination pumping engine and hose car in charge of Combination Company No. 1; one motor-driven ladder truck, "City of Concord," attached to Hook and Ladder Company (21 men); one Reo fire alarm repair truck; one house man at Central Fire Station. There are twelve permanent men at the Central Fire Station, one permanent man at each other fire station within the precinct, one permanent man at Pioneer Station, Penacook, and one permanent man at Cataract Station, West Concord. There are also two permanent spare men to cover days off.

The Alert Hose Company (11 men), located on Washington Street, has an auto-combination car, with permanent man.

The Good Will Hose Company (11 men), located on the corner of Concord and South State Streets, has an auto-combination car, with a permanent man.

Veterans' Auxiliary Company (30 men).

Two wagons and one ladder truck in reserve.

The "Pioneer" Engine Company, No. 3 (28 men), at Penacook, has a third-class Metropolitan engine, one hose wagon and one motor-driven combination pumping engine and hose car with permanent man.

The Cataract Company (30 men), at West Concord, has a modern hose wagon and auto-combination car with permanent man.

Old Fort (30 men), East Concord, has a 4-1/2-inch cylinder Hunneman hand engine and hand ladder truck, and one hand-drawn chemical engine, 50-gallon, single tank, and one auto-combination car.

Engine Company No. 5 (30 men), located on the Loudon Road, has a motor-driven combination car.

Earnings	20.00
	<hr/>

Funds available	\$8,669.00
-----------------	------------

Disbursements

Salaries and supplies	\$8,645.57
	<hr/>

Balance	\$23.43
Appropriation for zoning	\$600.00
Expended	0.00
	<hr/>

Balance	\$600.00
---------	----------

The work of construction and maintenance of the sewers is handled by this department for the Board of Public Works.

This department has done whatever work was assigned it by the several departments, committees and city government.

Your engineer has attended building hearings and accompanied the city government on their hearings, as well as attended all meetings of the city government and Board of Public Works.

All sewer connections were inspected and recorded.

Grade stakes were set for 11,902 feet of sidewalks.

Plans, estimates and blue prints were made when requested. The assessors' maps were kept up to date. There were 632 transfers of property during the year.

Streets Laid Out

School Street Extension	1,170.52 feet
Ormond Street	653.61 "
Weston Street	516.82 "

Total mileage in outlying part of city	127.993 ''

The records of this department are kept on a card system which gives in detail the expenditures and entire work of this department, which we will be pleased to show anyone who may be interested.

We have handled practically every phase of municipal engineering for citizens and out-of-town people, as well as the city's work, all of which has been cheerfully attended to by the employees of this department, all of whom have rendered valuable service to the city.

The roster of the engineering department outside of your engineer, is as follows: Mr. Edward E. Beane, assistant engineer; C. Fred Moulton, rodman, and Mrs. Frances Richardson, clerk.

For the support and co-operation of our late Mayor, Olin H. Chase, your board, heads of departments and citizens of the city, I wish to express my appreciation.

Respectfully submitted,

FRED W. LANG,
City Engineer.

REPORT OF THE BOARD OF HYDRANT COMMISSIONERS

Concord, N. H., December 31, 1928.

To the Board of Mayor and Aldermen:

GENTLEMEN: The twenty-third annual report of this board for the year 1928 is herewith submitted.

There were six meetings held during the year, and the installation of the following hydrants recommended:

South Street, 500 feet south of Rockingham, two north of Rockingham and one opposite the new school house.

Hope Avenue, 500 feet west of Broadway and 1,000 feet west of Broadway.

South Main Street, between Maitland and Pillsbury Streets.

Granite Street, just east of house No. 12.

Linden Street, Penacook, opposite Spencer house.

Loudon Road	8 hydrants
Ormond Street	1 "
Prescott Street	1 "
Canterbury Road	1 "
North Pembroke Road	6 "
Robinson Street,	1 "
Grant Street	2 "
Greeley Street	2 "
Weston Street	1 "

Board of Hydrant Commissioners.

REPORT OF THE BOARD OF EXAMINERS OF PLUMBERS

Concord, N. H., December 31, 1928.

To the Board of Mayor and Aldermen:

GENTLEMEN: The twenty-ninth annual report of this board is herewith submitted.

The membership of the present board is as follows: Arthur W. Brown, an examined master plumber; Walter C. Rowe, M.D.; and Fred W. Lang, city engineer. Mr. Brown is chairman of the board, and Fred W. Lang, clerk.

Five applications for journeyman's license, and two for master's license were received.

Seven meetings of the board were held, all of the applicants were examined and five passed the required examinations; two failed to pass.

There are four classes of plumbers on the register: Registered master, examined master, registered journeyman and examined journeyman.

The following paid for their 1928 license and are classified as follows:

Board of Examiners of Plumbers.

REPORT OF THE PLUMBING INSPECTOR

Concord, N. H., December 31, 1928.

To the Board of Mayor and Aldermen:

GENTLEMEN: The fourth annual report of the plumbing inspections in the city of Concord, is herewith submitted:

There have been 194 permits issued for new work, against 235 for 1927, 210 for 1926, and 156 for 1925.

There were 390 inspections made.

It is pleasing to the inspector to report that there have been very few complaints of evasion of the plumbing rules, and these being of a minor nature.

A record is kept in the office of the city engineer of the various plumbing jobs, showing the layout of the work, date of completion, and the names of the parties doing the work.

The plumbers of Concord, taken as a whole, are expert workmen, and it has been a great pleasure to your inspector to work with them.

Respectfully submitted,

FRED W. LANG,
Plumbing Inspector.

REPORT OF THE BOARD OF PUBLIC WORKS

To the Board of Public Works:

I have the honor to submit herewith my annual report for the year ending December 31, 1928.

The work of the department embraces the construction and maintenance of streets, the collection of garbage, the construction of sidewalks and bridges and the care of trees.

In the superintendent's office a complete record of all purchases, expenditures and detailed costs are maintained for reference.

I make no recommendations, believing it to be more appropriate to make them to the board at the regular meetings.

Finance

Funds for the work of the department have been received from the annual budget and Bond issue for construction of bridges and concrete road.

Appropriations

	<i>App's</i>	<i>Earnings</i>	<i>Expended</i>	<i>Balance</i>
General Maintenance	\$206,301.29	\$18,674.99	\$224,976.28	
Garbage	35,918.91	219.68	36,138.59	
Trees	6,000.00	58.61	6,058.61	
B. H. Cemetery	1,492.22		1,492.22	
Hopkinton Road Bond	35,000.00	3,751.55	31,124.84	\$7,626.71
Bridge Bond	20,000.00		4,486.00	15,514.00

Construction

Bridges No. 12 and No. 43 over Mill Brook in East Concord and Bridge No. 19 on the Penacook-London Road were built of reinforced concrete.

The Hanover Street wall was relaid and concrete wall on High Street was built, the latter being a part of the agreement on securing the right of way to lay out street to our asphalt and gravel plants.

The north entrance to Blossom Hill Cemetery was improved jointly with the Sewer and Cemetery departments.

Hopkinton trunk line, from St. Paul's School to Hopkinton-Concord town line, was built in conjunction with the state department. On account of changes near St. Paul's School, the school paying the extra expense, the work will not be completed until another year.

No. Main Street from Center to Fiske—Fiske and No. State to Blossom Hill Cemetery—Pleasant Street from Main to Green, and Park, Main to State, were paved with asphalt.

Sidewalks, concrete and tar, were laid in various parts of the city. Corrugated iron pipe replaced broken tile culverts on our outside roads.

Maintenance

Trunklines

Trunklines were maintained, the state department paying one-half the cost.

Bridges

Bridges were repaired and painted; Crescent Street Bridge was rebuilt—Twin Bridge was replanked, and Bridge Street Bridge, over the Merrimack, was replanked and traffic treads of steel laid.

Grading

Streets have been regraded to conform to legal grade and new streets built, the abutting owners paying for these improvements.

The dirt roads being so easily rutted, after each period of wet weather, has made it necessary to run road machines almost continually during the season.

Wages

The rates paid for labor, teams and trucks were the same this year as last.

Bituminous Surface

The policy of improving several miles of streets with tar and gravel treatment, and liquid asphalt applied to the tar and gravel previously built, was continued.

Streets were maintained with cold patching.

Garage and Stables

One Mead-Morrison tractor, one street sweeper, two horse drawn road machines, one Chevrolet Coupe, and one Chevrolet truck were added to our equipment.

We have hired local trucks during the past year, not only for plowing snow, but for our summer work, and have found this very satisfactory.

Two pairs of horses were purchased, replacing four old ones. We have at the present time, seven double and two single teams.

A time clock was installed at the stables, each man having to register, thus keeping an accurate account of all time.

Truck equipment is as follows:

- 1 Chevrolet Coupe
- 1 Chevrolet Truck
- 1 Buick Coupe
- 1 Ford Roadster
- 1 Dodge Truck
- 2 Concord Trucks
- 4 International Trucks
- 2 Nash Trucks
- 5 Ford Trucks
- 3 Mead-Morrison Tractors
- 6 Fordsons

Snow Removal

Snow plowing was done with city owned and rented trucks, with the help of the tractors on the outside roads.

Loading of snow was done by hand labor.

Signs and Markings

Stop and Slow signs were installed at intersections as designated by the board.

Cross walk and parking areas were lined, and street direction and parking signs were made and erected.

Cleaning Streets

Streets were swept by hand and flushed each day, through the summer months, with the motor driven flusher in the business district.

Catch Basins

By vote of the board, the building and repairing of catch basins, after June 1, was transferred to the Sewer Department.

Garbage

The collection of garbage, ashes and rubbish has been continued as in former years; ashes and rubbish being collected by our department forces, and table garbage collected by contract with Burt Holt.

Land was purchased, on the east side of the Merrimack River, for the disposal of refuse, and we hope to be able to discontinue the use of the Bridge Street site, in the near future.

Trees

One hundred Norway Maples were set out along city streets. Fourteen elms and nine maples, which were dead or unsafe, were removed, and seventy poplars were taken down.

The Municipal Forest at West Concord was cleared and three thousand seedlings planted.

Pruning was confined to removing dangerous and unsightly dead wood and low limbs.

Gypsy moths were painted and trees sprayed in all parts of the city.

General

Work for the several committees was performed as requested.

Conclusion

I wish to acknowledge my appreciation of the interest shown by Mayor Chase and Mayor Brown, members of the board and employees of the department.

Respectfully submitted,

ORRIN W. HEAD,

Superintendent of Streets.

REPORT OF THE SEWER DEPARTMENT

—o—

Concord, N. H., December 31, 1928.

To the Board of Public Works:

GENTLEMEN: The eighteenth annual report to your board, showing work done under the supervision of the Engineering Department, for your board, for the fiscal year ending December 31, 1928, is herewith submitted.

In this report I shall make no recommendations, believing it to be more appropriate to make them to your board at your regular sessions, when the opportunity is always open.

Appropriation	\$30,000.00
Expended	26,583.02
Balance	\$3,416.98

Catch basins along the new sewers above outlined, will be built in 1929.

A detailed account of the above expenditures are on file in the office of the City Engineer.

Every sewer that was granted has been completed.

On June 1, 1928, the construction and maintenance of the catch basins was placed under the sewer department. Every catch basin in the entire city has been thoroughly cleaned twice between June 1 and December 31.

There is considerable work to be done in the matter of reconstruction of catch basins, as a great many are in a very bad condition. It is our intention to rebuild the defective ones next year.

In this report you will find the cost of cleaning, repairing, etc.

A Chevrolet dump truck was purchased May 24 for use on catch basin work, at a cost of \$745.10.

A steel shed 20x30 feet has been erected on our portion of the city shed lot. A furnace, telephone, water and toilet have been installed in this shed, and we are now equipped in a first class manner. A five-foot chain link fence has been placed on the Pleasant Street side of our lot. A thirty-foot steel flag pole was erected.

The open steel shed has been remodeled so that it is now closed in by the insertion of three 8-foot doors. We now have housing space for all of our equipment, except the large size of pipe.

Sewer pipe was purchased of A. H. Britton Co.

Cement was purchased of Boutwell Lumber Co.

Brick was purchased of Concord Brick Co.

Supplies were purchased locally when possible.

Coal was purchased of Tenney Coal Co., Concord Lumber Co., and Taylor Coal Co.

The construction work, other than that done by the contractor, and maintenance of the sewer system was done with a small force. Our regular employees of the department are: William H. Murphy, foreman; Joseph Morgan, James J. Berryman and Richard Morrill as assistant foremen. These men are skilled workmen, and as long as they are employed you may feel assured that the sewers will be well taken care of.

A detailed account of every job, bill, etc., is kept in this office which we will be pleased to show and explain to anyone interested.

Your engineer has attended the meetings and hearings of the Board of Public Works, reported on petitions, made plans and estimates, and given information as requested.

I wish to thank every citizen for the courtesy extended me and employees of this department.

I attended the meetings of the American Society for Municipal Improvements held at Detroit in October, and assure you the meetings were worth while, and I thank you for allowing me to attend.

For the many courtesies extended me by your board, I wish to express my appreciation.

Respectfully submitted,

FRED W. LANG,
City Engineer.

REPORT OF THE BUILDING INSPECTOR

Concord, N. H., December 31, 1928.

To the Board of Mayor and Aldermen:

GENTLEMEN: The fifth annual report of your building inspector is herewith submitted.

Signs

There have been 24 signs erected during the year, all of which have been erected in a substantial manner.

The inspections have taken a great amount of time, and I feel that the code has been lived up to cheerfully by the contractors, with these exceptions:

Three roofs were covered with wooden shingles; in one case they were removed, and the other two were covered with fire-resistive shingles over the wooden ones.

For the courtesy extended me by your board, the contractors and citizens, I wish to express my appreciation.

Respectfully submitted,

FRED W. LANG,
Building Inspector.

PUBLIC LIBRARY

REPORT OF THE TRUSTEES

To the Mayor and Board of Aldermen of the City of Concord, New Hampshire:

In May, 1928, the Board of Aldermen set apart the Armenia White property, owned by the city, for library purposes, with the understanding that the purchase price, \$37,376.30, should be paid from income of library trust funds and from other sources lawfully applicable to such purposes. During the year this indebtedness has been reduced \$7,376.30.

The White residence is occupied by the American Legion. Extensive repairs and betterments have been made on the interior at the expense of the Legion.

In the death of Professor Worthen, the library has lost a devoted friend and an indefatigable worker for its welfare. Through his persistent effort and diplomacy, the agreement with the Fowler heirs for the future changes in the library building was consummated.

Respectfully submitted,

WILLIS D. THOMPSON,

President of the Board of Trustees.

REPORT OF THE CITY LIBRARIAN FOR 1928

To the Board of Trustees of the Concord Public Library:

GENTLEMEN: The annual report of the librarian is herewith submitted. It consists as usual of brief statistics and a few comments.

To begin with the expenditures:

Salaries and labor	\$5,776.90
Books and periodicals	1,994.31
Binding	614.90
Printing	122.08
Fuel and light	839.35
Incidentals	971.14
	<hr/>
	\$10,318.68

It will be seen from the above table that the expenses were those of an average year; there was no unusual outlay required except for cleaning the inside of the building; to have all the ceilings, walls and furniture washed was a much-needed purification. In 1907 electricity was installed except in the Shakespeare Room, but the old gas-fixtures were kept as a precautionary measure; these were removed last summer, however, and electric lights were carried into the Shakespeare Room, which, by the way, is used now by only one club, once a week.

The next figures to be presented are as follows:

During 1928 we have

Added by purchase	1,068	volumes
" gift	58	
" binding magazines	24	
	<hr/>	
	1,150	
We have discarded	434	
	<hr/>	
Net gain	716	
Now in Library	38,143	

Last year our net gain was only 588 volumes.

The year's circulation is always a matter of interest.

In 1927 there were 81,900 desk borrowers; in 1928, 90,207 — a gratifying gain of 8,307. There were also 3,153 seekers after knowledge in the reference room, where Miss Dennett and Miss Clarke look to it that they get the information they come for.

Every year our business is best in the two months when New England weather is likely to keep people indoors; in March our general customers numbered 9,480; reference ones, 402; in November general customers 7,627, and reference ones 417; whereas in July we had at the desk only 5,291 and in the reference room only 57.

New borrowers in 1928 again totalled about 700, those of school age being 30 more than the adults.

Fully 3,000 postals have been sent out by Miss Dennett who on Monday mornings very carefully looks up the overdue books and writes reminder cards to the delinquent borrowers.

Apparently people are following the current literary reviews as never before, fiction and non-fiction being frequently requested because the applicant saw the book praised by some well-known critic.

That it is not all our imagination which makes us complain occasionally of misbehavior on the part of our youthful clientele is proved by the observation of the Monitor's Up and Down the Street man, who wrote: "We have heard the peace and serenity of the public library shattered effectively by groups of little chaps. One gang of small boys did a good job last night. They piled, serimmage fashion, in one corner of the outer room, grabbed books from each other, whispered fiendishly. They pushed each other out of chairs, piled the books helter-skelter and did everything but mark up the walls. The librarian finally quelled the riot gently. What she should have done was to

wallop each of the rascals with a barrel stave and then call for the police patrol.”

The resignation of Miss Bertha Carr from the staff, July 1, necessitated finding a new assistant and Miss Ruth Melvin, just graduated from our Senior High School, was asked to try out the vacant position. She seems satisfactory in ability and disposition. This change in the staff upset, however, our plan for a vacation reading club and other activities designed to convince the rising generation that even in this recreation-mad age, books still are a source of pure delight.

During 1928 your Honorable Board took a decidedly worth-while step in securing from the Fowler heirs concessions which will ultimately simplify matters when the time arrives to decide about a new building for the library. That almost mythical structure must be noble in proportions, convenient and commodious within; but above all things, may it have an atmosphere like that of which May Lamber-ton Becker, the Reader's Guide, writes when she says:

“I have been in many cities of my country but I never feel at home in a new city until I have looked in at the public library. It is always like home: as I look down the lines of shelves there are the friendly faces of well-known books, and at the desks the friendly faces of librarians who never saw me before, but will take as good care of me as if I were visiting royalty.”

On October 18 occurred the fortieth anniversary of the Library's moving into this Fowler Building, then rightfully considered a valuable gift to the city. Our staff marked the occasion by harking back to 1888; that is, we displayed the best sellers of that year and we wore gowns and hats of that period. These costumes interested those in whom they evoked memories and those to whom they were startling novelties. Many dropped in to see how the Library was celebrating. Mayor Chase was one of our first callers. As a souvenir we gave out a bookmark which epitomized both

the letter and the spirit for this institution, for one side of the bookmark summarized information about this Library, and on the other side was printed what any library aims to be to its community.

When President Coolidge spoke at a library dedication in the West, he declared:

“A liberal education may begin in the classroom but it will scarcely rise above mediocrity unless it is extended into the library and by that means broadened into the practical experience of life.”

A conflicting opinion was that heard on Bailey Island in Casco Bay, from an old native; asked how much he would give towards a local library, he replied, “Nawthin’. Readin’ rots the mind.”

Perhaps a safe and sane estimate of the value of a public library was given expression to by John D. Rockefeller, Jr., in his gift of \$2,000,000 to replace the city library of Tokio destroyed in the great earthquake of 1923.

It is not only a pleasant but a beneficial thing to go to Library Conferences, and the last of June your librarian attended a New England Meeting held in Portland, Maine.

Thanking the Trustees for their support and the staff for their continued co-operation although no new incentives have arisen to stimulate their efforts.

Respectfully submitted,

GRACE BLANCHARD,

Librarian.

POOR DEPARTMENT

—0—

SIXTY-FIRST ANNUAL REPORT OF THE OVERSEER OF THE POOR

FOR THE YEAR ENDING DECEMBER 31, 1928.

To the Board of Aldermen:

The undersigned herewith submits the sixty-first annual report of the expenditures for the poor, including Wards One and Two, for the year ending December 31, 1928.

City Poor

Appropriation	\$7,500.00	
Resolution No. 787	2,000.00	
Resolution No. 799	680.73	
		<hr/>
		\$10,180.73
Paid groceries	\$597.27	
fuel	436.90	
rents	279.97	
board and care	6,768.00	
care, children	1,569.62	
transportation	10.00	
shoes and clothing	45.87	
burials	65.00	
medical services	15.00	
miscellaneous	3.10	
salary, overseers	390.00	
		<hr/>
		\$10,180.73

County Poor

Appropriation	\$15,000.00	
Resolution No. 799	6,409.68	
		<hr/>
		\$21,409.68

Paid groceries	\$5,359.04	
milk	390.74	
fuel	2,315.55	
rents	4,080.54	
care, children	4,617.00	
board and care	3,847.50	
shoes and clothing	356.20	
burials	92.28	
transient account	47.63	
services, doctors	27.15	
hospital care	184.57	
medicine	28.03	
miscellaneous	63.45	
		<hr/> 21,409.68
Total amount paid for aid to poor		\$31,590.41
<i>Dependent Soldiers, City</i>		
Appropriation	\$300.00	
Resolution No. 799	5.00	
		<hr/> \$305.00
Paid care	\$161.00	
care, children	40.00	
rent	104.00	
		<hr/> \$305.00
<i>Dependent Soldiers, County</i>		
Appropriation		\$1,000.00
Paid groceries	\$131.00	
fuel	77.25	
rents	104.00	
board and care	257.14	
shoes and clothing	16.45	
		<hr/> \$890.84
Total amount paid for aid to soldiers		\$1,195.84

Respectfully submitted,

ARTHUR E. ROBY,
Overseer of the Poor.

REPORT OF THE CITY CLERK

—0—

To the Board of Aldermen:

The undersigned herewith presents an account of the amount received from fees, licenses, and other sources for the year ending December 31, 1928.

Marriage Licenses	\$ 215.00
Recording Conditional Sales	1,241.50
Recording Personal Mortgages	199.50
Recording Mortgage Discharges	62.75
Recording Mortgage Assignments	1.25
Recording Writs	4.20
Recording Assignment of Wages	2.25
Certificates of Record	12.20
Resident Certificates	86.50
Pool Table and Bowling Alley Fees	2.50

Total amount, city clerk fees	\$1,827.65
-------------------------------	------------

House Rent, Fire Chief	\$ 250.00
Rent, Concord Battery Station	840.00
Theatre Licenses	771.00
Dog Licenses	2,910.54
Pool Table Licenses	300.00
Job Team and Passenger Carriage Licenses	80.50
Circus Licenses	100.00
Junk Licenses	90.00
Earnings, Comfort Station	104.68
Aid, County Poor	21,409.68
Aid, County Soldiers	585.88
Druggist Permits	7.00
Sale City Histories and Maps	6.50

Sale Historical Addresses	33.50
Employment Bureau License	5.00
Photostat Income	8.20
Sale Brick, etc., West Garden	107.90
Sale Land, Harry Ford	17.55
Sale Wirrell House	25.00
Sale Grass	50.00
Gasoline Reimbursement	93.68
State Primary Filing Fees	147.00
Sale Land, Stephen Hall	125.00
Playground Department	10.00
Right of Way, Public Service Co.	100.00
Rent, Auditorium	1,350.00
Earnings, Assessors	17.75
Bounty on Hedgehogs	3.40
	<hr/>
	\$31,377.41
Motor Vehicle Permits, 1928	\$24,358.05
Motor Vehicle Permits, 1929	21,690.82
	<hr/>
	\$77,426.28

The foregoing amounts have been paid into the city treasury.

Respectfully submitted,

ARTHUR E. ROBY,
City Clerk.

REPORT OF SEALER OF WEIGHTS AND MEASURES

—o—

FOR THE CITY OF CONCORD

COVERING PERIOD JANUARY 1, 1928, TO JANUARY 1, 1929

—o—

To His Honor Robert W. Brown, Mayor, and the Board of Aldermen:

During the past year there were five hundred and sixty-five (565) scales tested which were found correct and were sealed, two hundred and sixty-six (266) were adjusted before being sealed, nine (9) confiscated and fifteen (15) condemned for repairs which were later reinspected and sealed.

There were one thousand three hundred and sixty-eight (1368) weights tested which were found correct and were sealed, four (4) were adjusted before being sealed and two (2) confiscated.

One thousand seventy-two (1072) liquid measures were tested, found correct and sealed, three (3) adjusted before being sealed, forty-three (43) confiscated and two (2) condemned for repairs which were later reinspected and sealed.

Five hundred and twelve (512) tests of gasoline pumps were made, three hundred and thirty-six (336) of which were found correct and were sealed, one hundred and seventy-two (172) were adjusted before being sealed, one (1) condemned for use and three (3) condemned for repairs which were later reinspected and sealed.

There were two thousand two hundred and eighty-seven (2287) packages of commodities put up in advance of sale reweighed, two thousand two hundred and one (2201) of which were found correct, nine (9) over and seventy-seven (77) under weight.

Six loads of coal in the process of delivery were re-weighed, four (4) of which were found correct and two (2) under weight.

Twenty-eight (28) cart bodies used in the delivery of wood were measured, twenty-three (23) of which were in accordance with the law and five (5) incorrect. There were also two (2) piles of wood measured for private individuals.

Respectfully submitted,

GEORGE A. DEARBORN,
City Scaler.

REPORT OF THE CITY SOLICITOR

—0—

To the Mayor and Board of Aldermen:

The work of the City Solicitor during the year of 1928 consisted of the usual volume of opinions to committees and city officials; of the drafting of deeds and other papers; and the drawing of ordinances and resolutions.

Litigation pending a year ago is still pending. This consists of the suit of Frank H. Silver for salary after he was dismissed from the Fire Department; of the litigation concerning the discontinuance of the old Soucook River Highway; and of the suit of Leo Tremblay against the City resulting from a collision with one of the fire trucks. During the year one new suit was entered — of Royal Ford against the City. This is a Water Works case and it will be handled by the insurance company.

During the year some attempts were made to bring the first three matters to a head, but so far without success, although some progress has been made.

Respectfully submitted,

ELWN L. PAGE,
City Solicitor.

REPORT OF PLAYGROUND COMMITTEE

To the Mayor and Board of Aldermen:

The appropriation made by the City Government of Concord for playground work is used to assist recreational activities the entire year. However, the greater portion of this allotment is spent for ten weeks of intensive, organized playground work during the summer months. Through the winter the committee spends such funds as are necessary to promote winter sports.

Last June, when the playgrounds opened, the equipment on hand was very poor and entirely inadequate. New equipment has been purchased and a careful inventory of same made, so that, at the opening of the playgrounds in 1929, such material will be ready for further use.

Several of the playgrounds have received special physical attention. At the Rollins, East Concord, and Kimball playgrounds the tennis courts have been renovated. At the Penacook playground the baseball ground has been put in shape. A tract of land in the Plains district was taken over by the city for playground purposes. This past season the Harriet P. Dame School grounds were used, but eventually this new land will be made acceptable for a playground.

As heretofore, there have been two directors at each playground. The successful innovation of a special director of handcraft was instituted this season. For many reasons this handcraft work is advantageous. It gives the child instruction that increases his ability to use his hands. It gives him the satisfaction of accomplishing something, and also makes a happy break in the long hot days of play.

While in some localities playgrounds are more popular than in others, the attendance was unusually large during

1928. For the first time directors were required to secure the number attending morning and afternoon sessions. The total municipal attendance was 35,982, or an average daily attendance of 750. White playground had an average attendance of 203 per day.

Exhibitions of all work were held at each playground. Inter-playground baseball games were played. Volley ball was played by the girls. Two attractive lantern parades were held; one in the city proper, and one in Penacook. More than 1,000 children attended the two all-playground outings at Contoocook River Park.

The Playground Committee has had the co-operation of the Board of Education of Union School District. Such co-operation has made possible the use of school buildings and grounds. This Committee gratefully acknowledges the helpfulness of Mr. Louis J. Rundlett, Superintendent of Schools. Mr. Roland G. Hartwell, Principal of Morrill School, and his staff of teachers have very kindly assisted in word construction and by printing circulars. Mayor Chase was, through his continued interest, a source of encouragement to the Committee. Mr. Head, Superintendent of Streets, Mr. Lang, City Engineer, Chief Green, of the Fire Department, and Chief Kimball, of the Police Department, have always been ready to assist in every way possible.

The members of this Committee, in reviewing the year's work, are confident of the value of playgrounds. Aside from the child's enjoyment, his safety is paramount. In these days of congested traffic a child in an organized, directed playground is a safe child.

With the opening of our new Athletic Field, Concord will be outstanding in its facilities for child and adult recreation.

For the future, this Committee sees one great need. Undeniably, there should be a municipal swimming pool. Our rivers have been condemned as bathing places by the health

authorities, therefore this Committee goes on record as favoring the building of a swimming pool, to be supervised and controlled by the city for the use of all its citizens.

William W. Kennedy
Clarence I. Tebbetts
Dr. C. J. Washburn
Wm. H. McGirr
James McGuire
Waldo S. Roundy
Mrs. Elisabeth R. Elkins
Mrs. Cora Sullivan
Mrs. Maude N. Blackwood
Committee on Playgrounds.
William E. Coughlin
Supervisor of Playgrounds.

HEALTH DEPARTMENT

To the Mayor and Board of Aldermen:

The Board of Health submits the following reports of the Sanitary Officer and Milk Inspector for the year ending December 31, 1928.

Many meetings have been held during the year on matters pertaining to the health of the City. One of the important subjects being the attempt to clean up the hog-gery at the State Hospital and thereby abate a nuisance of long standing.

It is of interest to note that the city has been remarkably free from the usual number of contagious diseases and that many of them have been reported from the public institutions.

The continued good work of the Milk Inspector is shown by the improvement of the milk production.

Again we are called upon to record the death of our Chairman, Mayor Olin H. Chase. His interest and hearty co-operation were appreciated.

ROBERT W. BROWN
WALTER C. ROWE
DONALD G. McIVOR

Board of Health.

REPORT OF THE SANITARY OFFICER

—0—

To the Board of Health:

GENTLEMEN: Herewith is submitted my 36th annual report as Sanitary Officer of the City of Concord for the year ending December 31, 1928.

The city maintained its usual sanitary condition during the year, and we were remarkably free from contagious diseases: the number of cases being considerably less than the preceding year. Many of the cases as well as deaths reported were of non-residents from the public institutions in the city. Of the 533 deaths reported 255 were non-residents and not counted in the death rate.

Complaints have been investigated and action taken to abate nuisances. Through the co-operation of the produce merchants, the alleyways in the rear of the business blocks show a decided improvement.

Inspection of the barber shops and beauty parlors have been made and conditions were very good. In some instances suggestions were made, that the shops might better comply with the State Law.

The shores of Penacook Lake and the reservoir have been noted from time to time and samples of drinking water taken from different parts of the city and analyzed at the State Laboratory with satisfactory results. All of the school buildings within the city limits have been visited and found to be in very good condition. Houses outside the sewer precinct as well as boarding houses for children have been investigated. Restaurants, bakeries and markets have been inspected and favorable reports given.

The Venereal Clinic is held weekly under the auspices of the State and local Boards of Health and the Concord Chapter of the American Red Cross. At this clinic during the past year, the physician in charge, Dr. John M. Murray,

has administered 342 treatments to individuals from this city and surrounding towns. This cares for people able to come to the clinic for treatment but we need some place where cases needing institutional care can receive the care necessary.

The following tables show in detail the financial report, report of contagious diseases, causes of death, in wards and in public institutions, by sex, age, condition and nativity, also a summary is given.

FINANCIAL REPORT OF SANITARY OFFICER

Appropriations

Salary, Sanitary Officer	\$2,000.00	
Salary, Clerk	1,144.00	
Upkeep of automobile	400.00	
Fumigation supplies	100.00	
Contagious diseases	500.00	
Incidental expenses	356.00	
	<hr/>	\$4,500.00

Total number of deaths for the year 1928, 533, compared with 474 in 1927.

Average death-rate for the year 1928, 12. per cent, compared with 12.6 in 1927.

SUMMARY

Visits made to contagious diseases	173
Burial permits issued	664
Burial permits issued for interment of bodies brought here	111
Transit permits issued	250
Number of reports sent to State Board of Health	52
Number of reports sent to the Surgeon-General, Public Health and Marine Hospital Service	52
Number of samples of water collected for analysis	5
Number of nuisances, complaints investigated	115
Number of rooms, cellars, school rooms fumigated	56
Number of bundles of clothing fumigated	2
Number of Hospital Wards fumigated	4
Number of barber shops, beauty parlors inspected	25
Number of restaurants and bakeries inspected	15
Number of school buildings inspected	19
Number of boarding houses for children inspected	5

In closing I wish to express my appreciation for the help and co-operation given me by Mayor Brown and the members of the Board of Health. I also wish to thank the City Officials for the many courtesies extended to me.

Respectfully submitted,

CHARLES E. PALMER,
Sanitary Officer.

REPORT OF MILK INSPECTOR

To the Board of Health:

GENTLEMEN: Herewith is submitted for your approval a summary of the report of the work done by the Milk Inspection Division of the Board of Health in the Field and Laboratory during the year ended December 31, 1928.

The work of the milk inspection division has been carried on in much the same manner as for the past two years, by diligently expounding to the producer and dealer in milk the proper manner and method for producing and handling a cleaner and better milk supply. Visits were made, letters written, samples taken, analyses made, and in fact every effort has been made to keep the milk supply of Concord wholesome and clean. Sanitary conditions on the farms, in the stores and eating places continue to improve steadily in consequence of inspection. Altogether, progress in the work has been very definite and quite satisfactory.

The bottled milk law effective since June 1, 1928, requiring that all milk served to patrons for beverage use shall be in the original bottle as delivered to the dispenser by the dairy or bottling plant was readily accepted by owners of eating places. A number of such places tripled their output of drinking milk because of the original capped idea, thus showing it is appreciated by the milk consuming public. Of the samples of milk collected from restaurants and drug stores the year previous, thirty per cent were below the required standard in butterfat, and ninety per cent of them were found in excess of the bacteria standard. This year not any of the milk samples collected from eating places were found below in butterfat and only one per cent had an excess of bacteria.

Owing to the confusion and loss of milk bottles among milk distributors, it was decided to establish a local bottle exchange. It was also petitioned by the Milk Dealer's

Association to have the milk inspector to take charge of the enforcement of the milk bottle regulation which became effective in May, 1928. During the past eight months 12,475 bottles were collected, sorted and distributed to their proper owners. If the house-wife would carefully see that each milk bottle received is returned to the distributor from whom she received the milk, there would be very little need of a bottle exchange in this city.

Sixty-four different samples of milk were taken from an equal number of cows. Of these 64 samples, not one showed hemolytic streptococci of the beta type. Streptococcus epidemicus as sometimes found in milk and which is of human origin, is always to be feared, for it at times produces terrifying epidemics of septic sore throat. It is invariably associated with raw milk when found present at all in milk. The process of pasteurization destroys these organisms.

There are at the present time 371 producers selling milk to the Concord market, from a total of 2,203 cows. The total number of quarts of fluid milk received in Concord last year was 17,640 daily. Of the total amount of milk received about 3 per cent comes from cows not tuberculin tested. Such milk is pasteurized.

There are 107 producers in the City of Concord who have from 1 to 2 cows. A large percentage of these producers no doubt sell to nearby neighbors. For the most part it is the one, two or three cow producer who feels he cannot afford to whitewash his cow-stable and fix up as required by ordinance.

Total number of producers who are house-to-house distributors, 46. Total number of distributors not producers, 9. Number of distributors who went out of business during the year, 5.

The amount of raw milk entering Concord from outside of New Hampshire and consumed in the raw state amounted to 23,000 quarts. The amount of fluid milk shipped out-

side of the city during the past year amounted approximately to 67,840 quarts. The quantity of milk pasteurized in Concord based on the total out-put was 24.54 per cent, which shows an increase in the use of pasteurized milk over last year by 6.54 per cent.

There are nine local producers who sell raw cream only. The total amount of 40 per cent raw cream sold per day amounts to 40 quarts. The total amount of 40 per cent cream pasteurized sold daily is 376 quarts or 90.39 per cent.

Total number of milk, cream and ice cream samples collected and analyzed during the past year was 1,004.

The writer wishes to express his appreciation for the help and co-operation extended to him by members of the health department.

Appended hereto are tabulations showing the work done by this division during the fiscal year.

Total number of inspections made	942
Number Dairy Farms and Milk Plants inspected	188
Number Dairy Farms and Milk Plants reinspected	387

	\$11,239.44

Respectfully submitted,

JOHN W. STANLEY,
Clerk.

REPORT OF THE PARK COMMISSIONERS

To the Mayor and Board of Aldermen:

The parks of the city have been kept up to the usual routine work. At Rollins Park the Lombardy poplars on the north side have been removed. They were in bad condition, ragged and beyond all hope of being reconstructed. One section of the new chain-link fence was built on the northern boundary and the park line was thus established against encroachments by abutters. This fence is to be continued until the boundary is carried along the entire width of the park. The lagoon has been connected with the sewer on Broadway. This will allow the stagnant water to be run off at intervals, to be replaced by water from the city mains. Several Carolina hemlocks have been planted on the green. The work of clearing out the undergrowth has been continued.

The West Garden has been enclosed with a five-foot chain-link fence and the shelter in the rear has been repainted and repaired. The fountain has been supplied with the figure of an alligator and boy — the gift of the Garden Club of Concord.

At White Park many new white pine trees have been set out, to fill vacancies along the terrace. The Canadian wild geese have increased in numbers, and these with the swans and ducks have proved to be a great attraction to visitors. A section of iron fence was carried along on White Street.

The intersection of Center and Washington Streets was cleared of an obstructing residence and the land was turned over to the Park property. This should be properly enclosed and planted, thus beautifying the approach to the Center Street entrance of White Park.

OLIN H. CHASE, Mayor
WILLIS D. THOMPSON, Jr.
CHARLES L. JACKMAN
BENJAMIN C. WHITE
ALPHEUS M. JOHNSON
WILL J. DREW
GARDNER G. EMMONS

Park Commissioners.

ASSESSORS' REPORT

—o—

To the Tarpayers of the City of Concord:

The Board of Assessors submit to your consideration the following facts and figures showing the valuation of the City and its school districts and special precinct, with the amount of taxes raised in each and returned to the tax collector for collection.

In the following report is a table of the amount raised by direct taxation for the years from 1918 to the present time, which shows the increased amount spent by the city.

TABULATIONS OF WARRANTS SUBMITTED FOR ASSESSMENT, VALUATION OF CITY AND PRECINCTS, WITH RATE FOR EACH IN 1928.

Warrant	Amounts of Warrants	Tax rate per \$1.000	Assessed valuation of city and precincts
State	\$95,163.40	\$4.66	\$32,012,175.00
County	53,970.75		
City Budget	345,050.00	10.80	32,012,175.00

I hereby certify that I have examined the foregoing accounts of Carl H. Foster, city treasurer, for the year 1928, and find all items of receipts and expenditures therein properly recorded and authenticated by appropriate vouchers, and the several items correctly cast, and the cash balance to be twenty-one thousand two hundred sixty-five dollars and sixty-five cents (\$21,265.65); the balance to the credit of Bridge Bond Account to be fifteen thousand five

hundred eighty dollars and fifty-seven cents (\$15,580.57); Hopkinton Road Bond Account seven thousand seven hundred forty-three dollars and twenty-six cents (\$7,743.26); Incinerator Bond Account twenty thousand sixty-six dollars and sixty cents (\$20,066.60); Sewer Bond Account three thousand five hundred sixteen dollars and eighty-eight cents (\$3,516.88); Union School District Bond Account fifty thousand twenty dollars and no cents (\$50,020.00); and the City Water Department twenty-seven thousand sixteen dollars and nine cents (\$27,016.09).

I have also verified the account of the special funds of the City in the hands of the city treasurer, and find such special funds invested and the income thereof for the year 1928 accounted for as shown by the books of the city treasurer for that purpose.

ARTHUR E. ROBY,
City Clerk.
